Administrative Order PC-280

Gentlemen:

Reference is made to your application dated September 10, 1965, for administrative approval of an exception to Rule 303 (a) of the Commission Rules and Regulations to permit the commingling of Dakota and Gallup production from your Jicarilla Apache 28 Well No. 2 located in Unit D, Section 27, Township 25 North, Range 4 West, Rio Arriba County, New Mexico, allocating the production on the basis of periodic well tests. It is our understanding that the production from each zone in said well is of marginal nature.

By the authority vested in me under the provisions of Rule 303 (b) of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools on said lease in the above-described manner. Provided, however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," provided further, that you shall notify the Commission at any time when either zone in the aforesaid well is capable of top allowable production.

Very truly yours,

A. L. PORTER, Jr.
