Administrative Order PC-286

Gentlemen:

Reference is made to your application dated November 15, 1965, for administrative approval of an exception to Rule 303 (a) of the Commission Rules and Regulations to permit David Fasken to commingle North Bagley-Upper Pennsylvanian and North Bagley-Lower Pennsylvanian production on his Belmont Collier Lease which comprises the S/2 NE/4 of Section 9, Township 11 South, Range 33 East, Lea County, New Mexico, after separately metering the Upper Pennsylvanian production and determining the Lower Pennsylvanian production by means of the subtraction method.

By the authority vested in me under the provisions of Rule 303 (b) of the Commission Rules and Regulations, David Fasken is hereby authorized to commingle the production from the aforesaid pools on said lease in the above-described manner. Provided, however, that the installation shall be operated in accordance with the provisions of the Commission Manual for the Installation and Operation of Commingling Facilities, including the requirement for non-reset counters on the meters. Please notify the Hobbs District Office at such time as this installation is complete in order that an inspection may be made of the installation prior to putting it in operation.

Very truly yours,
