Administrative Order PC-297

O
Gentlemen:

P
Reference is made to your application dated February 4, 1966, for administrative approval of an exception to Rule 303 (a) of the Commission Rules and Regulations to permit the commingling of Vacuum-Blinebry, Vacuum-Glorieta, North Vacuum-Abo, Vacuum-Wolfcamp, and Vacuum-Upper Pennsylvanian Pool production from your State Bridges (Military Institute) Lease comprising the NW/4, N/2 NE/4, and SW/4 NE/4 of Section 25, Township 17 South, Range 34 East, Lea County, New Mexico, after separately metering the production from each pool. It is our understanding that the aforesaid production will be commingled and handled in a separate tank battery to be located in the NE/4 of Section 26, Township 17 South, Range 34 East, on your State Bridges (Common School) Lease.

Y
By the authority vested in me under the provisions of Rule 303 (b) of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools on said lease in the above-described manner. Provided, however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," including the requirement for non-reset counters on the meters. Please notify the Hobbs District Office of the Commission at such time as this installation is complete in order that an inspection may be made of the installation prior to putting it in operation.

Very truly yours,

A. L. FORBES, Jr.
