Attention: Mr. C. D. Borland

Administrative Order PC-359

Gentlemen:

Reference is made to your application dated June 4, 1968, for an amendment to Commission Order No. R-1813 which authorized the commingling of Brunson and Hare production from your Harry Leonard (NCT-F) Lease in Section 2, Township 21 South, Range 37 East, Lea County, New Mexico, after separately metering the production from each pool. We are now in receipt of the 60-day production record supporting your request to delete the metering requirement of the subject order inasmuch as all production going into this battery is of marginal nature.

An R- order of the Commission cannot be amended without a hearing. However, this installation is eligible for administrative approval and you are hereby authorized to commingle the aforesaid production as before except that the allocation to each well and to each pool shall be on the basis of periodic well tests. Please notify the Commission at such time as any well connected to the subject battery is capable of top allowable production.

That portion of Commission Order No. R-1813, dated October 24, 1960, relating to commingling is hereby put in abeyance.

Very truly yours,

A. L. PORTER, Jr.  
Secretary-Director

Administrative Order 80-389

Gentlemen:

Reference is made to your application dated June 4, 1968, for an amendment to Commission Order No. R-1813 which authorized the commissioning of Brunson and Hare production from your Harry Leonard (NOT-1) lease in Section 2, Township 21 South, Range 37 East, Lea County, New Mexico, after separately metering the production from each pool. We are now in receipt of the 60-day production record supporting your request to delete the metering requirement of the subject order inasmuch as all production going into this battery is of marginal nature.

An R-order of the Commission cannot be amended without a hearing. However, this installation is eligible for administrative approval and you are hereby authorized to commence the proposed production as before except that the allocation to each well and to each pool shall be on the basis of periodic well tests. Please notify the Commission at such time as any well connected to the subject battery is capable of top allowable production.

That portion of Commission Order No. R-1813, dated October 24, 1960, relating to commingling is hereby put in abeyance.

Very truly yours,

A. L. FORSTER, Jr.
