Santa Fe, New Mexico

Attention: Mr. A. L. Porter, Jr.
Secretary - Director

Gentlemen:

Administrative Order No. PC-363 approved our request to commingle condensate and crude on our Lea Lease in response to our letter dated October 18, 1968.

We wish to advise that a clerical error was made in the formation name stated for our condensate production wherein it was called Wolfcamp when in reality the completion is in the Morrow as evidenced by all other records and completion data filed on this well.

Please correct the gas well/condensate formation name to: Undesignated Morrow. All other data was correct as submitted in our letter application.

Very truly yours,

PHILLIPS PETROLEUM COMPANY
