amend PC-383

Attention: Mr. Dan Nutter

Dear Sir:

Confirming telephone conversation between Mr. Nutter and Mr. Dickerson of our office, we request amendment of the subject order to allow commingling Blinebry gas liquids with Blinebry Oil and Drinkard Oil already approved. This is necessary due to further deterioration of tank battery facilities.

During the last two months, Blinebry gas liquid production has averaged 3 bopd, and is the same gravity as the Blinebry oil production. Thus, there will be a negligible effect to income.

Your early approval would be appreciated.

Yours very truly,

C. D. BORLAND
Area Production Manager
