Re: Request for Administrative Approval
to Commingle Oil Production from the
Hobbs San Andres Grayburg and Hobbs
Blinebry Pools on the Getty H. D.
McKinley Lease, Sec. 30, T-18-S, R-38-E,
Lea County, New Mexico.

Gentlemen:

Getty Oil Company requests administrative approval to commingle oil production from the Hobbs San Andres Grayburg and Blinebry Pools on its H. D. McKinley Lease in accordance with N.M.O.C.C. Rule 303 (b) - 2-B.

In support of this application, the following information is attached:

- 1) Table I - Gravity and Sale Value data for the crude production.
- 2) A schematic diagram of the proposed commingling facilities.
- 3) A plat of the H. D. McKinley Lease showing the location of the wells and the pools from which each well is producing.

In addition, the following information is submitted:

- 1) Royalty and working interest ownership is common for both pools.
- 2) It is proposed to meter the Blinebry oil production.
- 3) To determine BS&W content, the oil production will be sampled prior to commingling.
- 4) The San Andres Grayburg production is to be determined by the Subtraction Method as outlined in the N.M.O.C.C. "Manual for the Installation and Operation of Commingling Facilities."
- 5) Presently four (4) San Andres Grayburg and one (1) Blinebry producers are on the Lease. Depending upon the development of the Blinebry reservoir, there may ultimately be four (4) Blinebry completions on the lease.

Thank you for your consideration of this application.

Respectfully yours,

GETTY OIL COMPANY
