Attention: Mr. Curtis W. Mewbourne

Administrative Order PC-413

Gentlemen:

Reference is made to your application for administrative approval of an exception to Rule 303 of the Commission Rules and Regulations to permit the commingling of D-K Abo and Blinbry production on your Conoco-Federal Lease which comprises the W/2 SE/4 of Section 30, Township 20 South, Range 39 East, Lea County, New Mexico. It is our understanding that production from both zones is of marginal nature and that you therefore propose to allocate the production to each pool on the basis of monthly GOR tests.

By the authority invested in me under the provisions of Rule 303-B of the Commission Rules and Regulations, Mark Production Company is hereby authorized to commingle the production from the aforesaid pools on said lease in the above-described manner, provided however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," and provided further, that you shall notify the Commission at such time as any well in either of the aforesaid pools is capable of top allowable production.

It is the responsibility of the producer to notify the transporter of the aforesaid commingling authority.

Very truly yours,

A. L. PORTER, Jr.
Secretary-Director

Administrative Unit 10-112

Gentlemen:

Reference is made to your application for administrative approval of an exception to Rule 803 of the Commission Rules and Regulations to permit the commingling of 4-1-100 and 4-1-100 production on your 4-1-100 lease (4-1-100) located in W/2 SW/4 of Section 30, Township 30 North, Range 12 East, Lee County, New Mexico. It is requested that you stand that production from both wells as 4-1-100 production and that you the whole proceeds to the same production to each pool on the basis of monthly production.

By the authority invested in me under the provisions of Rule 803-B of the Commission Rules and Regulations, Mark Production Company is hereby authorized to commingle the production from the 4-1-100 pool on said lease in the above-described manner, provided, however, that the production shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," and provided further, that you shall notify the Commission at such time as any well in either of the 4-1-100 pools is capable of top allowed production.

It is the responsibility of the producer to notify the transporter of the 4-1-100 commingling facilities.

Very truly yours,

A. L. FOWLER, Jr.
