Santa Fe, New Mexico 87501

Dear Sir:

Gulf Oil Corporation requests your administrative approval for an exception to Rule 303-A to permit surface commingling of the Blinebry Oil and Drinkard Oil production on our Harry Leonard (NCT-C) lease, described as the N/2 and E/2 SW/4, Section 36, 21-S, 36-E, Lea County. At the present there are six Blinebry wells and one Drinkard well producing on this lease and all wells are marginal. Production would be allocated based on periodic well tests.

Well No. 17, Drinkard pool, was completed on May 3, 1975 and potentialed on May 20, 1975, pumping 54 BOPD and 78 BWPD and the following tabulations show the average daily Blinebry production for February and March, 1975, gravities and monetary values of the liquid hydrocarbons from each pool as well as the commingled production.

Pool	Bbls/day	Gravity	\$/bbl	Bbl/day X \$/bbl
Blinebry	91	37.5	\$12.01	\$1092.91
Drinkard	54	39.0	\$12.03	\$ 649.62
			Total	\$1742.53
Commingled	145	38.1	\$12.03	\$1744.35

You will notice from the tabulations that the actual commercial value of the commingled production will be slightly higher (\$1.82/day)

Attached is a plat of the lease and also a schematic diagram of the proposed installation.

This is State Land and the State Land Commissioner has been furnished a copy of this application and asked for a letter of approval for this proposal.

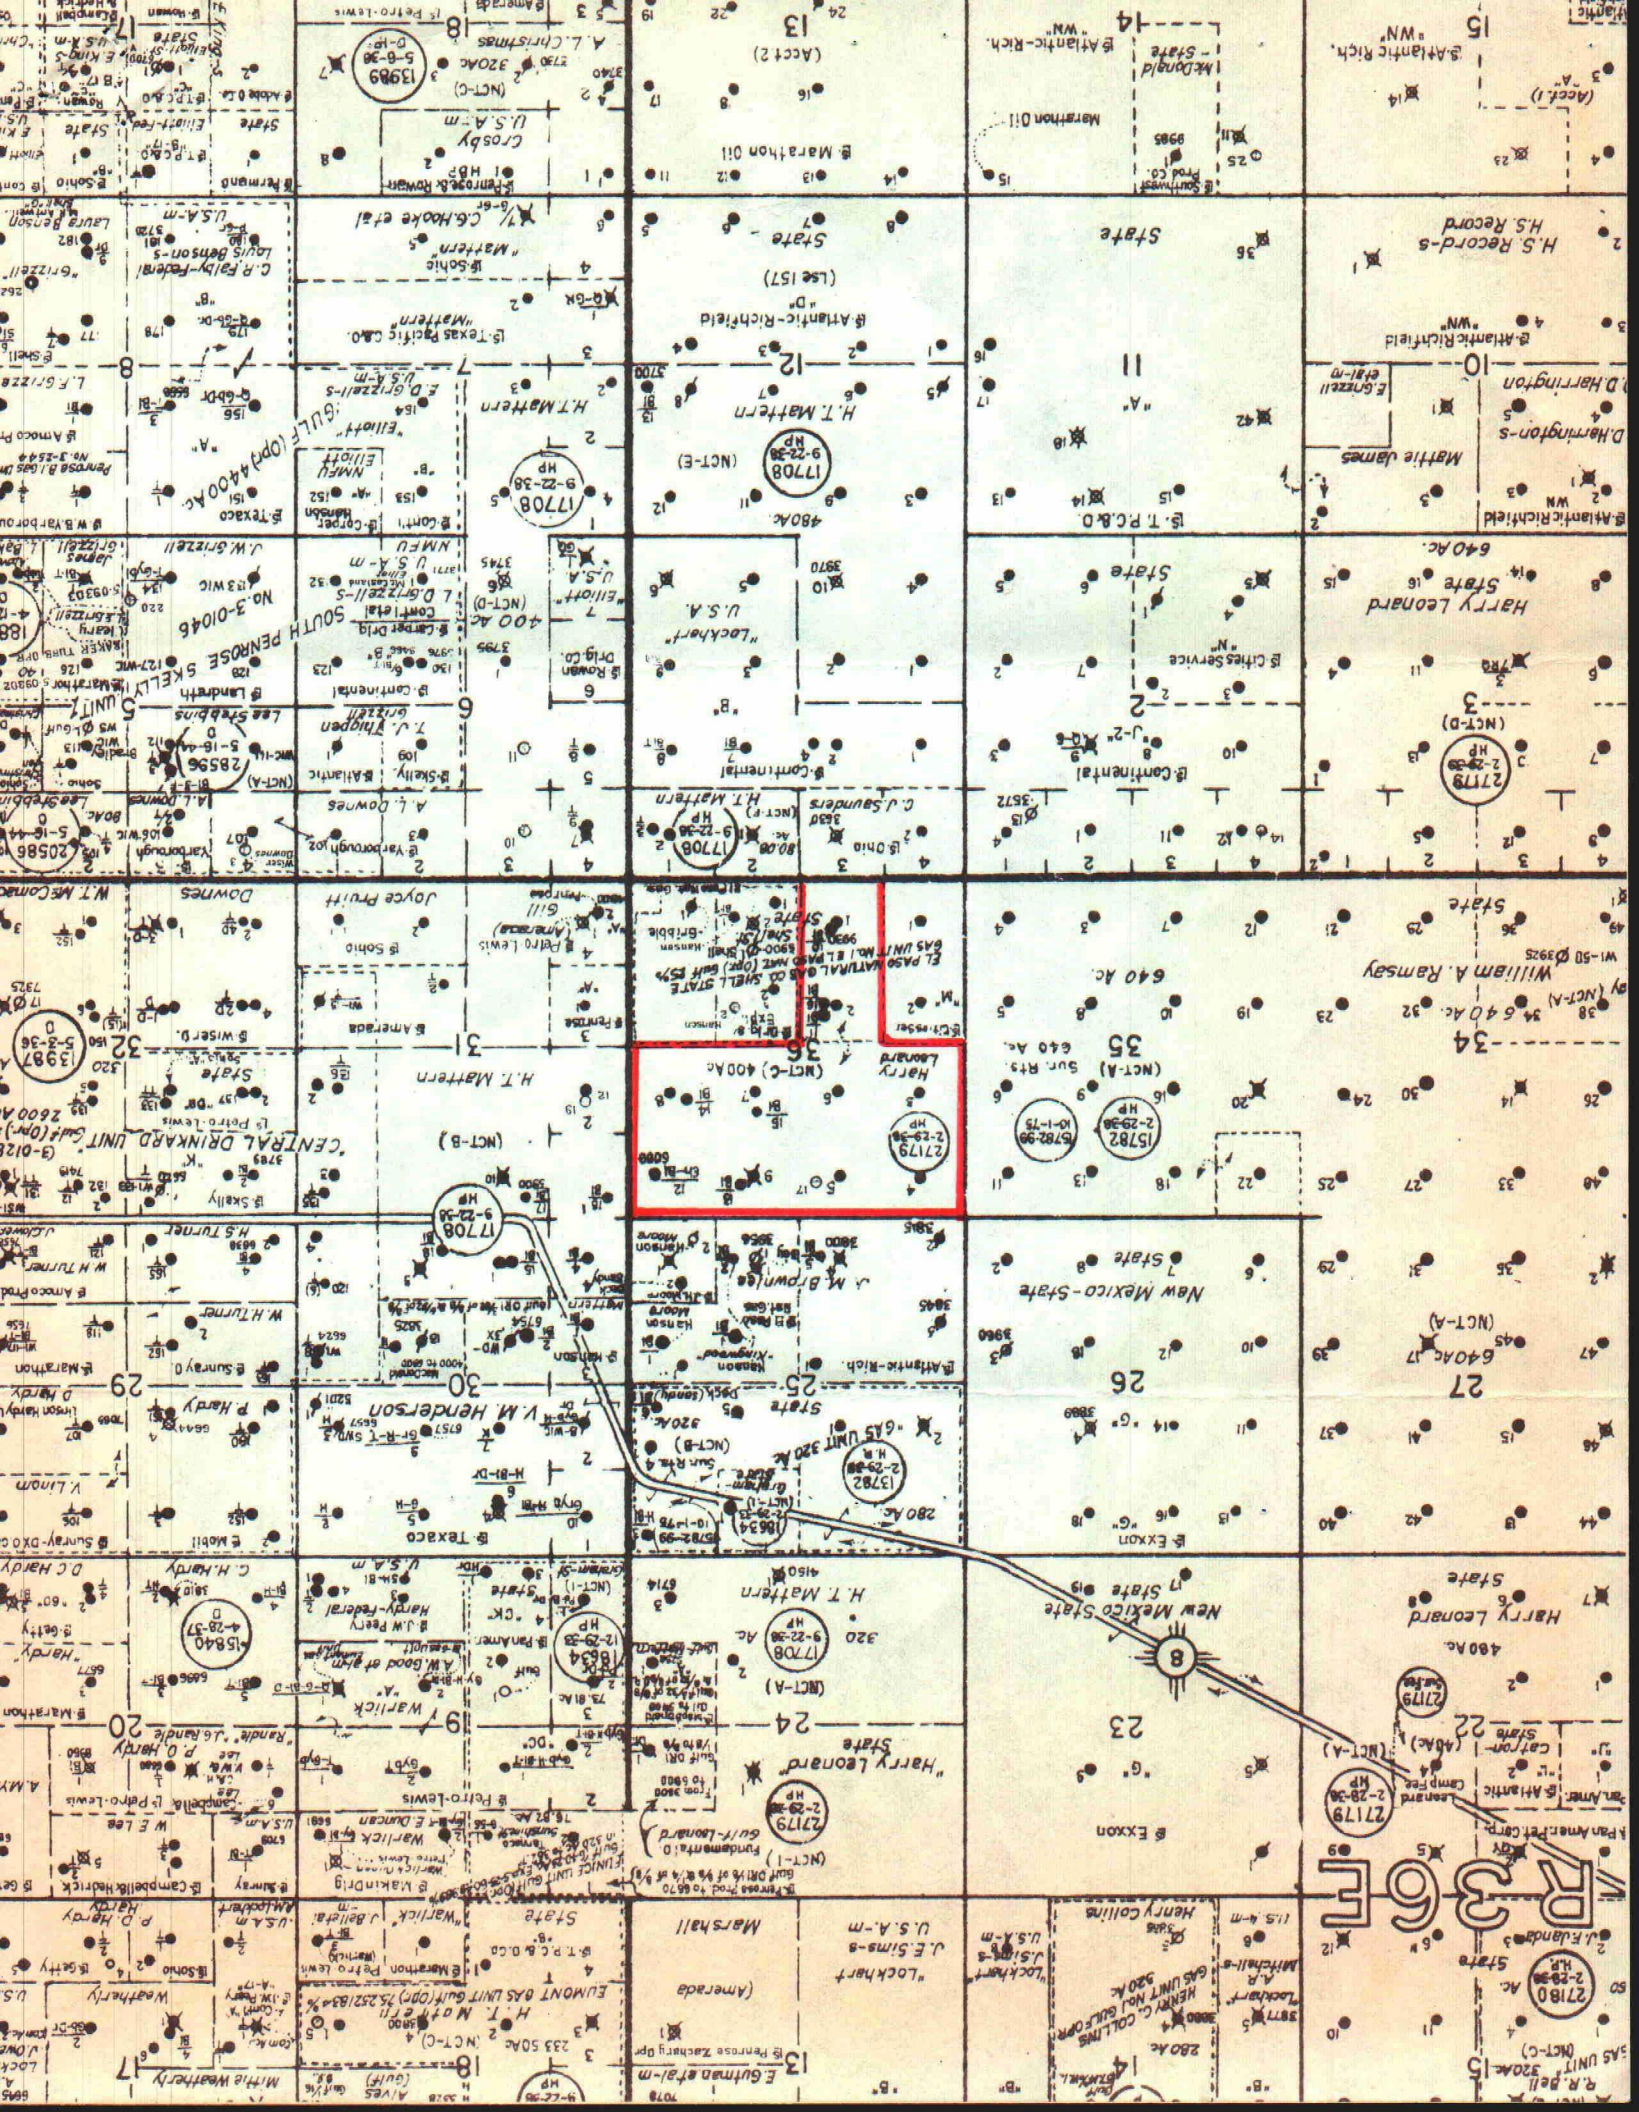

Your early consideration in this matter will be appreciated.

Yours truly,

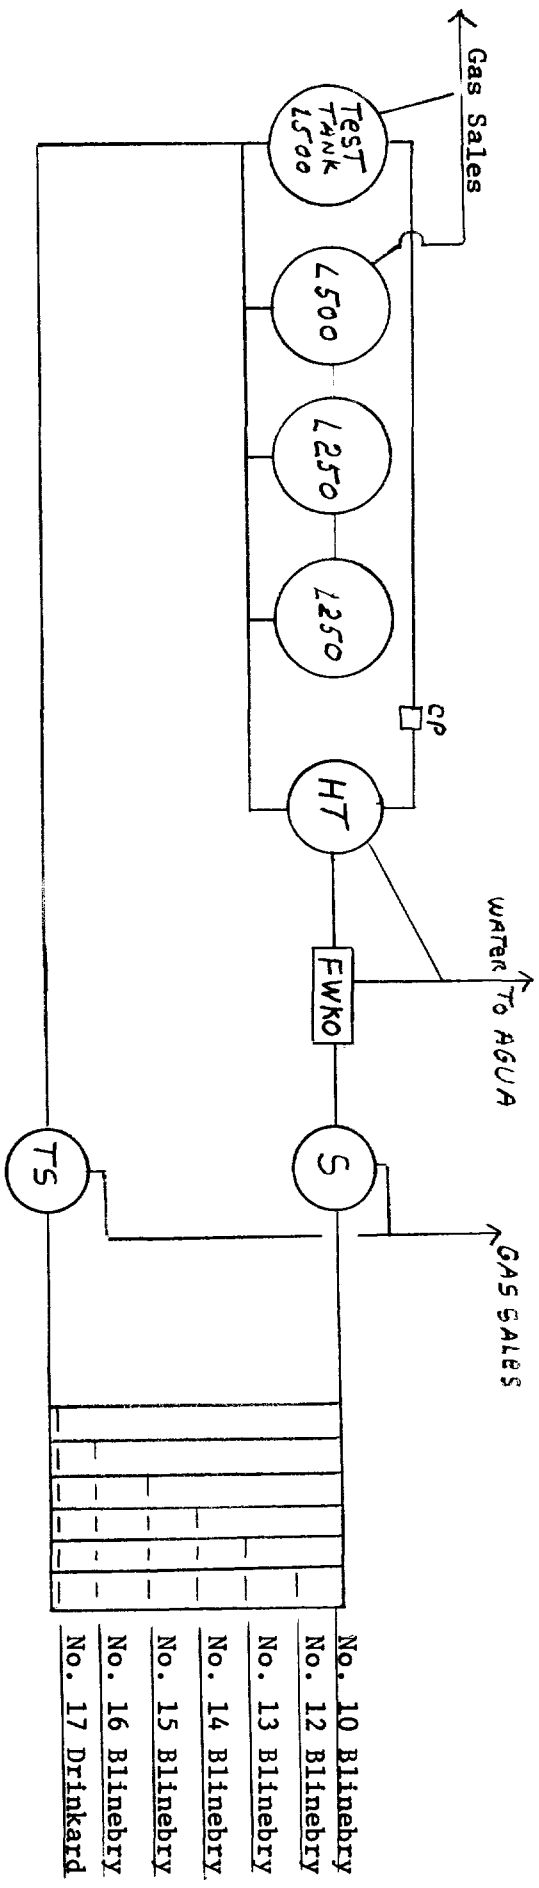

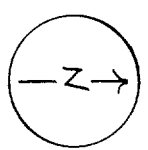

C. D. BORLAND

Mr. Phil R. Lucero
Post Office Box 1148
Santa Fe, New Mexico 87501

Dear Sir:

Attached is a copy of Gulf Oil Corporation's application to the New Mexico Oil Conservation Commission requesting approval to commingle the Blinebry and Drinkard production on our Harry Leonard (NCT-C) lease, described as the N/2 and E/2 SW/4, Section 36, 21-S, 36-E, Lea County.

Approval of this request will eliminate the need for additional storage facilities for the production from well No. 17, which was recently completed in the Drinkard pool.

If you have no objections to this proposal, would you please furnish a letter of approval to the New Mexico Oil Conservation Commission, Post Office Box 2088, Santa Fe, New Mexico 87501. Attached is our check for the \$10.00 filing fee.

Your early consideration will be appreciated.

Yours truly,

C. D. BORLAND
