Surface Commingle Application
A. L. Christmas NCT-C
Section 18, T22S, R37E,
Lea County, New Mexico

State of New Mexico
Energy, Minerals & Natural Resources Dept.
Oil Conservation Division
P. O. Box 2088
Santa Fe, New Mexico 87504

Attention: Mr. William J. LeMay - Director

Gentlemen:

Chevron U.S.A. Inc. respectfully requests an exception to Rules 303-A and 309-A to save considerable expense in building and maintaining a new battery for the A. L. Christmas NCT-C #7 well. The current battery will be used for the Arrowhead Grayburg Waterflood Unit, and if we are permitted, the number 7 well can be surface commingled into the existing A. L. Christmas NCT-C #9 tank battery.

The A. L. Christmas NCT-C #9 Battery has 8 wells, (3 Blinebry, #9, #15 & #16, and 5 Drinkard, #10, #11, #12, #13 & #14), producing into it with an average of 30 BOPD. The number 9 battery has been authorized to commingle production from the Tubb and Drinkard pools by Commingling Order PC-557, and the Blinebry, Drinkard and Wantz Abo by Amended Commingling Order PC-383. It is desired to surface commingle the A. L. Christmas NCT-C #7 well producing from the Eumont Pool at 3 BOPD.

On completion of the surface commingling of production from the subject leases, it should be noted that provisions will be incorporated to allow for individual well testing and proper allocation of production for each pool. Also, royalty interests within each pool underlying the two leases will be maintained and the purchaser will accept the commingled production. Attached is a tabulation showing individual pool gravities, production and revenues along with the expected commingled values. Also attached are battery schematics, a brief production history of each well, and a lease plat.

Therefore, to avoid waste by building separate facilities for the A. L. Christmas #7 well and avoid premature abandonment of the well, Chevron respectfully requests the NMOCD grant approval of this application for exception to Rules 303-A and 309-A and allow Chevron to commingle production from the A. L. Christmas NCT-C #7 well with the A. L. Christmas NCT-C #9 Battery.

Yours very truly,

A handwritten signature in cursive script, appearing to read "E. L. Allen".

Surface Commingle Notice
A. L. Christmas NCT-C
Section 18, T22S, R37E,
Lea County, New Mexico

Royalty Interest Owners

Ladies and Gentlemen:

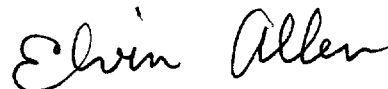

This letter is to inform you, as a royalty interest owner in the subject lease, that Chevron USA, Inc. is applying for New Mexico Oil Conservation Division approval to surface commingle production from the A. L. Christmas NCT-C #7 well (Eumont) into the A. L. Christmas NCT-C #9 Battery that takes production from the A. L. Christmas NCT-C, wells #9, #15 and #16 in the Blinebry pool, and wells #10, #11, #12, #13 and #14 in the Drinkard pool.

Surface commingling of production will occur at the A. L. Christmas NCT-C #9 Battery located in Section 18, T22S, R37E, Lea County, New Mexico.

On completion of the surface commingling of production from the subject leases, it should be noted that provisions will be incorporated to allow for individual well testing and proper allocation of production for each pool.

This action will prevent premature abandonment of the well, prolong revenues from production, and should have no adverse affects to involved interested parties.

Yours very truly,

A handwritten signature in cursive script that reads "E. L. Allen".

E. L. ALLEN

P. O. Box 688
Eunice, NM 88231

Attention: Mr. E. L. Allen

**Re: Chevron Request for Waiver, Surface
Commingled Notice, A. L. Christmas
NCT-C, Section 18, T22S, R37E, Lea
County, New Mexico.**

Dear Mr. Allen:

Please be advised that OXY USA Inc. declines to sign your waiver of objection because it was sent to the wrong company name (OXY NGL Inc.) and to the wrong address. In the past, waiver requests from Chevron that were sent to the wrong address for OXY USA Inc. have been used by Chevron to eliminate our opportunity to protest applications that would impair OXY's correlative rights.

Since your letter was received by our office 7-16-91, OXY USA Inc. takes no position regarding your request to commingle, other than to advise you of improper notice of your application. I will advise you as soon as possible if we decide to protest. In the future, New Mexico regulatory matters requiring notice to OXY USA Inc. should be sent to:

OXY USA Inc.
P. O. Box 50250
Midland, Texas 79710
Attention: Regulatory Affairs Dept.

A. L. Christmas NCT-C
Section 18, T22S, R37E,
Lea County, New Mexico

Charles Pfile Trust
Liberty Natl Bk & Tr-Successor Trustee
Attn: 142886006
P. O. Box 3538
Tulsa, Oklahoma 74101

Ladies and Gentlemen:

This letter is to inform you, as a royalty interest owner in the subject lease, that Chevron USA, Inc. is applying for New Mexico Oil Conservation Division approval to surface commingle production from the A. L. Christmas NCT-C #7 well (Eumont), into the A. L. Christmas NCT-C #9 Battery that takes production from the A. L. Christmas NCT-C, wells #9, #15 and #16 in the Blinbry pool, and wells #10, #11, #12, #13 and #14 in the Drinkard pool.

Surface commingling of production will occur at the A. L. Christmas NCT-C #9 Battery located in Section 18, T22S, R37E, Lea County, New Mexico.

On completion of the surface commingling of production from the subject leases, it should be noted that provisions will be incorporated to allow for individual well testing and proper allocation of production for each pool.

This action will prevent premature abandonment of the well, prolong revenues from production, and should have no adverse affects to involved interested parties.

Yours very truly,

E. L. ALLEN
