Attention: Joe Ramey

Gentlemen:

Application for Permission to Surface Commingle Production From the Warren Unit No. 82, D-K Abo Zone With Production From the Blinebry Oil and Gas, East Warren-Drinkard, and Warren-Tubb Zones From Warren Unit Wells Nos. 11, 58 and 64

Permission is requested to surface commingle production from the Warren Unit No. 82, D-K Abo zone with production from the Warren-Tubb, Blinebry Oil and Gas and East Warren-Drinkard zones from Warren Unit Wells Nos. 11, 58 and 64 located in Sections 26 and 35 of T-20S, R-38E, Lea County.

Ownership and working interest for all zones is common. The quality of the crude is almost identical. Therefore, there will be no reduction in value because of the commingling. The value of the production is as follows:

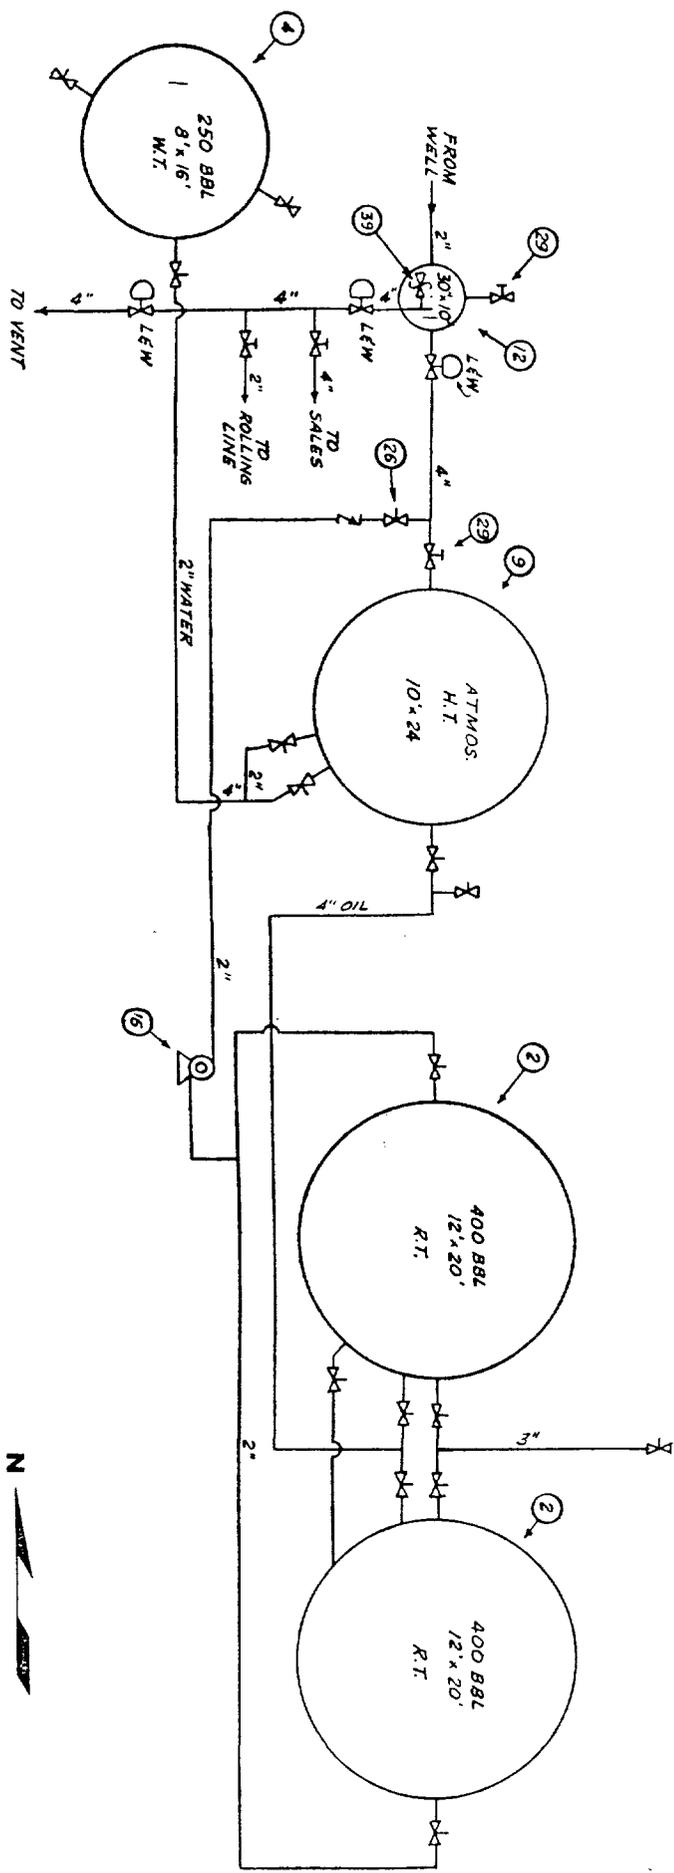

<u>Zone</u>	<u>Oil Gravity</u>	<u>Daily Volume</u>	<u>Value</u>
East Warren-Drinkard	37.8°	2	\$37.94
Blinebry Oil & Gas	37.8°	14	37.94
Warren-Tubb	37.8°	4	37.94
D-K Abo	35.4°	35	37.88

Administrative Order PC-577 gave approval to commingle the East Warren-Drinkard, Blinebry Oil and Gas, and Warren-Tubb.

A lease and battery plat are attached for your review and file. The production will be allocated on the basis of well tests.

Respectfully yours,

MJJ:bep
