Re: GUTMAN LEASES
Sec. 19, T.22S, R.38E
Lea County, New Mexico
Wells #1,2,4,5,6 & 7

Attention: Mr. Joe D. Ramey, Secretary-Director
State Petroleum Engineer

Dear Mr. Ramey:

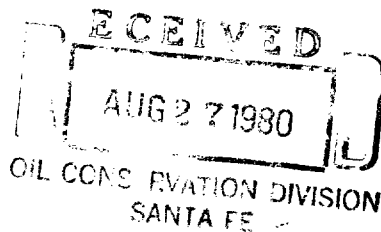

Hanson Oil Corporation hereby requests administrative exception to Rule 303-A to permit the commingling in common facilities of the commonly owned production from Granite Wash, Drinkard-Tubbs, Blinebry and Paddock pools on the Gutman Lease (See Exhibit A).

Since Hanson Oil has approval to down-hole commingle wells #2, 6 and 7 (DHC-307, DHC-308 and DHC-306 respectively) and have requested approval to down-hole commingle well #4, and since the fluids from each zone are compatible and will not result in a lesser value from the sum of the value (See Exhibit B), Hanson Oil requests approval to produce in a common facility in accordance with Rule 303-B (See Exhibit C).

Yours very truly,

HANSON OIL CORPORATION
