Re: Commingling Order PC-721
Geronimo Federal Lease
NE/4 of Section 24
T-18-S, R-31-E, N.M.P.M.
Eddy County, New Mexico

Dear Mr. Stamets:

Siete Oil & Gas Corporation respectfully requests administrative approval to add the Geronimo Federal #5, Geronimo Federal #6 and the Geronimo Federal #7 wells to the above described commingling order.

The lease currently has seven producing wells. The Geronimo Federal #1, #2, #6 and #7 wells produce from the Yates-Seven Rivers-Queen-Grayburg pool. The other three wells, the Geronimo Federal #3, #4 and #5 wells produce from the Delaware pool. We have separately metered the Geronimo Federal #3, #4 and #5 wells at the tank battery and Phillips Petroleum Company is in the process of installing a separate casinghead gas meter on the Geronimo Federal #5 well and a separate casinghead gas meter for the Geronimo Federal #6 and #7 wells.

For your convenience, I have attached a plat showing the location of each well. If I can be of any further assistance, please do not hesitate to call.

Yours truly,

SIETE OIL & GAS CORPORATION
