*COMMINGLING ORDER PC-809*

Marathon Oil Company  
P.O. Box 552  
Midland, Texas 79702

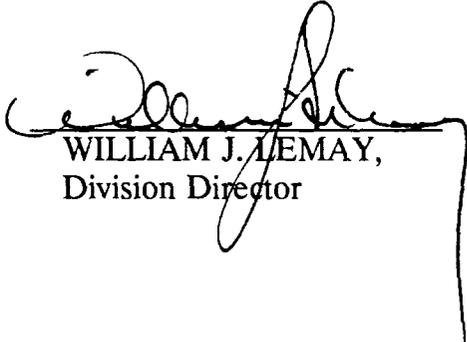

Attention: Jeff Cordera

LEASE NAME: McDonald State A/C 2  
DESCRIPTION: All of Section 13, Township 22 South, Range 36 East,  
Lea County, New Mexico

The above-named company is hereby authorized to commingle Blinebry, Drinkard and Eumont Pool production in a common tank battery and to determine the production from each pool by well tests. (If this method is to be authorized, all commingled production must be of marginal nature; further, the operator shall notify the Santa Fe Office of the Division in the event any well in the commingled battery becomes capable of top allowable production, at which time the Division will amend this order or take such other action as may be appropriate.

NOTE: This installation shall be installed and operated in accordance with the applicable provisions of Rule 303 of the Division Rules and Regulations and the Division "Manual for the Installation and Operation of Commingling Facilities." It is the responsibility of the producer to notify the transporter of this commingling authority.

DONE at Santa Fe, New Mexico, on this 2nd day of September 1992.

RE: Application for Lease Production Commingling  
McDonald State A/C 2 Lease Well Nos. 11, 26 and 33  
Section 13, T-22-S, R-36-E  
Lea County, New Mexico

Dear Mr. LeMay:

Marathon Oil Company respectfully requests that the State of New Mexico Oil Conservation Division grant administrative approval for surface production commingling in the above captioned lease. Approval of this request would allow Marathon Oil Company to produce Well Nos. 11, 26 and 33 to a common stock tank battery to be located in Unit I of Section 13, T-22-S, R-36-E.

The production from the three wells would be from the Eumont Pool which is to be surface commingled with the Blinebry and Drinkard pools. The Blinebry and Drinkard pools are presently being produced to the stock tank battery of the lease and will not alter the quality of the production from the Eumont pool when all have been commingled. Ownership and royalty interest for all three pools are identical and separate test facilities are in place to allocate production on a monthly basis from each of the wells.

Attached, please find a lease commingling plat, names and addresses of interest owners in the above captioned lease and production facility schematic. Should you require additional information concerning this request, please feel free to contact me at (505) 393-7106. Your cooperation in this matter is greatly appreciated.

Sincerely,

A handwritten signature in cursive script that reads 'S. P. Guidry'.

S. P. Guidry

Re: Surface Commingling Application  
McDonald State A/C 2 Lease Well Nos. 11, 26 and 33  
Section 13, T-22-S, R-36-E  
State Lease No. A-2614  
Lea County, New Mexico

Dear Mr. Guidry:

We are in receipt of your letter of April 27, 1992, wherein you have applied for our approval to surface commingle the production from the McDonald A/C Well Nos. 11, 26 and 33 to a common stock tank battery to be located in Unit I of Section 13, Township 22 South, Range 36 East (State Lease No. A-2614).

Your application advises that the above Eumont wells are to be surface commingled with production from the Blinebry and Drinkard pools. Before the Commissioner can approve your request, we would like additional information to be submitted regarding this project for further review.

Enclosed is a Commingling Pre-Application form which contains a list of required information. We are especially interested in receiving an economic analysis of the proposed operation showing profit or loss to the State of New Mexico. Please submit additional data regarding the gravity, price and amount of production by pool, for the wells to be affected before and after commingling. Also any other pertinent data that will assist the Commissioner in deciding upon the application should be submitted.

If you have any questions, or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

JIM BACA  
COMMISSIONER OF PUBLIC LANDS
