State Land Office Building  
Santa Fe, New Mexico

Attention: Mr. D. S. Nutter

Gentlemen:

In reference to our letter of October 21, 1965, we applied for administrative approval to commingle the gas production from the Morrow and Strawn Zones in Monsanto's Dagger Draw Well No. 1 located in Section 6, T-20S, R-25E, Eddy County, New Mexico.

We have received approval from the U. S. Geological Survey to commingle the gas as described in our application. A copy of the letter of approval is enclosed.

A receipt for certified letters to all working interest, royalty, and overriding royalty owners and to Natural Gas Pipeline Company of America is also enclosed.

These enclosures are in reference to items No. 5 and No. 6 in our letter of October 21, 1965. If additional information is needed on our application for commingling gas, please call us collect at Mutual 3-3306, Midland, Texas.

Yours very truly,

A. W. WOOD

Midland, Texas 79704

Gentlemen:

Your letter of October 21, 1965, requests approval to commingle Strawn gas with Morrow gas both of which are produced from your well No. 1 Dagger Draw located in the SW $\frac{1}{4}$ SE $\frac{1}{4}$  sec. 6, T. 20 S., R. 25 E., N.M.P.M., Eddy County, New Mexico. Both zones are communitized as follows:

<u>Zone</u>	<u>Communitization Agreement Number</u>	<u>Acres</u>	<u>Description</u>
Strawn	C.A.-SW-309	319.60	S $\frac{1}{2}$ 6-20S-25E
Morrow	C.A.-SW-310	640.80	All 6-20S-25E

The method of commingling described by your application is hereby approved. This approval is also subject to further approval of the New Mexico Oil Conservation Commission.

You are requested to notify the District Engineer, U. S. Geological Survey, Post Office Drawer U, Artesia, New Mexico 88210, when the installation is completed and operative so that an inspection can be made.

Sincerely yours,

JOHN A. ANDERSON  
Regional Oil and Gas Supervisor
