7.01 COMMINGLING ORDER PLC-75

Dear Sir:

The above referenced commingling order authorizes Mobil Producing TX & NM Inc. (MPTM) to commingle the South Shoe Bar Devonian and the Undesignated Penn pool production from the following leases in Lea County, New Mexico:

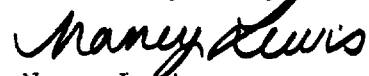

Lovington Deep State	Sec. 1, T-17-S, T-35-E
Lovington Deep Amoco State	Sec. 6, T-17-S, R-36-E
Lovington Deep Yates State	Sec. 36, T-16-S, R-35-E

The production from the Undesignated Penn pool is to be metered separately, thereby determining the Devonian pool production by the subtraction method.

The wells covered by this permit are no longer capable of producing at top allowable. We therefore request that the permit be changed to allow the production from both pools to be allocated based on well tests.

Attached, for your review, are copies of the C-115's for September, October and November, 1987 reflecting the past production history of these pools. If you require any additional information, please contact the undersigned at (713) 871-5420.

Yours very truly,

Nancy Lewis
