RE: MERIDIAN OIL INC.  
OCD COMMINGLE PERMIT PC-780  
State Lease Nos. V-1357 and E-10001  
Section 16, T-18-S, R-32-E

Dear Mr. Prando:

This is in reply to your letter dated August 19, 1991 (copy attached) concerning the above referenced facility. The Young 16 State well will be continuously metered through a heater treater, not unlike it would be if production were not commingled. Production will be reported separately to our settlement department so that the different royalty rates will remain individual.

I hope that this answers the questions you had. If you need further assistance, please contact me at (915) 686-5681.

Sincerely,

Connie L. Malik  
Regulatory Compliance Rep.
