Attn: Mr. Monte C. Duncan

Re: Application for Surface Commingling and Off Lease Storage
New Mexico Q State, Texaco Mobil, Texaco Shell Battery
(Formerly Texaco-Mobil Battery)
Vacuum Abo North, Vacuum Upper Penn, Vacuum Wolfcamp Pools
Battery Location - SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 25-17S-34E (B-1030-2)
Lea County, New Mexico

Dear Mr. Duncan:

This office is in receipt of your letter of September 25, 1992 wherein you have requested our approval to surface commingle the production from the Vacuum Abo North, Vacuum Upper Penn and the Vacuum Wolfcamp Pools for the N.M. "Q" State Well No. 4, Texaco-Mobil Com Well No. 1, and the Texaco-Shell Com Well No. 1.

It is our understanding the following wells are non-unit wells which are located within the Vacuum Glorieta West unit and must be re-routed to an off-lease non-unitized battery located in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 25, Township 17 South, Range 34 East (B-1030-2).

N.M. "Q" State #4-P, Sec. 25-17S-34E, Lease # B-1056-2
Texaco-Mobil State Com #1-H, Sec. 25-17S-34E, Lease # B-1030-2
Texaco-Shell State Com #1-J, Sec. 25-17S-34E, Lease # B-1056-2

It is also our understanding that the production from the above mentioned wells will be allocated to each well based upon accurately measured monthly tests and that this production will not be commingled in any way with any other production in Section 25.

Since it appears that there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request for surface commingling and off-lease storage of the production for the above wells is hereby approved. Any deviation from the substance of your request will sufficient grounds for rescinding our approval.

Texaco, Inc.
October 5, 1992
Page 2

Our approval is subject to like approval by the New Mexico Oil Conservation Division.

If you have any questions, or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

JIM BACA
