**Attention: Tim Welch**

**Telefax No. (817) 870-1671**

*Administrative Order NSL-4528*

Dear Mr. Welch:

Reference is made to the following: (i) your application dated November 1, 2000; and (ii) the records of the New Mexico Oil Conservation Division ("Division") in Santa Fe and Aztec: all concerning Cross Timbers Operating Company's ("Cross Timbers") request for authorization to drill its Ute Indians A Well No. 31 to test both the Undesignated Ute Dome-Dakota Pool and the Morrison formation (proposed Ute Dome-Morrison Pool) at an unorthodox gas well location for both intervals 2350 feet from the South line and 800 feet from the West line (Unit L) of Section 26, Township 32 North, Range 14 West, NMPM, as projected into the unsurveyed Ute Mountain Indian Reservation, San Juan County, New Mexico. The SW/4 of Section 26 is to be dedicated to this well in order to form a standard 160-acre, more or less, gas spacing and proration unit for both intervals.

This application has been duly filed under the provisions of Rule 104.F of the Rules and Regulations of the New Mexico Oil Conservation Division ("Division").

By the authority granted me under the provisions of Division Rule 104.F (2), the above-described unorthodox gas well location in both the Ute Dome-Dakota Pool and the Morrison formation for the Ute Indians AA≅ Well No. 31 is hereby approved.

Sincerely,

Lori Wrotenbery  
Director
