RE: Application of John H. Hendrix Corporation for Administrative Approval of an Unorthodox Oil Well Location for its Weatherly "21" Well No. 2 at a point 800' from the North Line and 2450' from the East Line Section 21, Township 22 South, Range 37 East, NMPM, Lea County, N.M.

Dear Ms. Wrotenbery:

John H. Hendrix Corporation hereby seeks administrative approval of an unorthodox oil well location for its Weatherly "21" Well No. 2 to be drilled and completed in the Wantz (Fusselman) Pool at a location 800 feet from the North line and 2450 feet from the East line (Unit B) of Section 21, Township 21 South, Range 37 East, NMPM, Lea County, New Mexico.

To support this request we submit the following information:

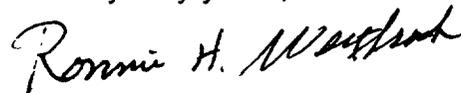

1. John H. Hendrix Corporation is seeking a permit to drill and complete the referenced oil well on our Weatherly "21" Lease which consists of the NW/4 and W/2 of the NE/4. The desired location is 190 feet from the West line of the 40 acre Unit B. This location is necessary because it is based on seismic interpretation. It is noted that this location is 800 feet from the lease line and does not affect offset leases. Notice of this application is being sent to offset operators as a courtesy.

January 4, 2001

2. The Weatherly "21" No. 2 as staked would be located 800 feet from North line and 1130 feet from the East line of the Weatherly "21" Lease and 800 feet from North line and 2450 feet from East line of Section 21, Township 21 South, Range 37 East.
3. John H. Hendrix Corporation's entire lease consists of 240 acres with royalty interest being uniform under these 240 acres.
4. NMOCD Form C-102 for the Weatherly "21" No. 2.
5. Plats of Section 21 with the Weatherly "21" Lease outlined and offset operators noted.
6. Copy of letter sent (by Certified Mail) to Offset Operators of the Weatherly "21" Lease.

Your attention to this application is appreciated.

Very truly yours,

Ronnie H. Westbrook
Vice President
