Subject: _____
Unorthodox Location
Navajo 12E #9
2120' FNL, 700' FWL
Section 12, T25N, R11W,
San Juan County, NM

Dear Sir:

Pure Resources is making application for an unorthodox location for the above mentioned well. The reason for the spacing exception is because the legal location fell within the Gallegos wash. The subject well is an infill 320-acre Basin Dakota well. The drillable location fell within the legal distance of the west boundary, however fell to close to 660' mark from the southern quarter section line.

Pure Resources understands the importance of the NMOCD rules for spacing. We have looked at available options for re-positioning this location, but the wash makes the location at risk. Please find attached the plats and topography maps.

I would like to thank you in advance for your time and consideration. Should you have any questions in regards to this request, please feel free to contact me at (505) 632-1812.

Sincerely,

A handwritten signature in black ink, appearing to read "Micheal Phillips".
