Re: Capataz Operating, Inc.  
Redtag #2-NSL-4630  
API #30-025-35630  
2K-14S-38E  
Lea County, NM

Dear Mr. Stogner:

On August 14, 2001, the Oil Conservation Division approved the captioned NSL for the Capataz Redtag #2 in the Undesignated House-Drinkard(33250) and Undesignated House-Abo(33210) Fields (see attached). Capataz hereto requests that the NMOCD extend this NSL order to include the Blinebry formation (Wildcat-Blinebry Gas Field).

Thank you for your help in expediting this matter.

Sincerely,

  
H. Scott Davis

*Administrative Order NSL-4630*

Dear Mr. Davis:

Reference is made to the following: (i) your initial application (*application reference No. pKRV0-122048487*) dated July 12, 2001 that was apparently submitted to the New Mexico Oil Conservation Division's ("Division") district office in Hobbs on the same day but was not forwarded to the Division's Santa Fe office, being the proper place to submit such filings, until August 7, 2001; and (ii) the Division's records in Santa Fe: all concerning Capataz Operating, Inc.'s request for an unorthodox oil well location in both the Undesignated House-Drinkard (33250) and Undesignated House-Abo (33210) Pools for the proposed Redtag Well No. 2 (**API No. 30-025-35630**) to be drilled 2410 feet from the South line and 2210 feet from the West line (Unit K) of Section 2, Township 20 South, Range 38 East, NMPM, Lea County, New Mexico.

The NE/4 SW/4 of Section 2 is to be dedicated to this well in order to form a standard 40-acre oil spacing and proration unit for both intervals.

This application has been duly filed under the provisions of Division Rule 104.F, revised by Division Order No. R-11231, issued by the New Mexico Oil Conservation Commission in Case No. 12119 on August 12, 1999.

By the authority granted me under the provisions of Division Rule 104.F (2), the above-described unorthodox oil well location for both the Undesignated House-Drinkard and Undesignated House-Abo Pools within the NE/4 SW/4 of Section 2 is hereby approved.

Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

Sincerely,

Lori Wrotenbery  
Director

*Re: Administrative application for an exception to Division Rule 104.B (1) or 104.C (3), whichever is applicable, in the Blinebry formation for the existing Redtag Well No. 2 (API No. 30-025-35630), drilled last year at an unorthodox oil well location within a standard 40-acre oil spacing and proration unit comprising the NE/4 SW/4 (Unit K) of Section 2, Township 20 South, Range 38 East, NMPM, Lea County, New Mexico, in both the Undesignated House-Drinkard and Undesignated House-Abo Pools 2410 feet from the South line and 2210 feet from the West line (Unit K) of Section 2.*

Dear Mr. Davis:

This letter acknowledges your administrative application dated February 28, 2002 to amend Division Administrative Order NSL-4630, dated August 14, 2001, to include the Blinebry interval to the provisions of this order.

The Division received this new application on March 4, 2002, and assigned it NMOCD application reference No. *pKRV0-206429949*. Please refer to this number in future correspondence with the Division.

In this recent application you indicate that the proposed Blinebry completion will be considered wildcat gas, which of course requires 160-acre spacing and proration units comprising the quarter section in which the well is located. The House-Blinebry Pool is located approximately one-half mile to the north of this well. Pursuant to Division Rule 104.A (1) (b) this well would be placed in this pool which requires 40-acre spacing. Without additional information such as a C-103, notice of intent form, to confirm your request, additional explanation from you or confirmation from the Hobbs district office of the Division, is needed to clarify this issue.

Further, pursuant to my preliminary review of your application clarification regarding notice is needed. As you are aware Division Rule 1207.A (2) (a) states:

*"In the event the operator of the proposed unorthodox well is also the operator of an existing adjoining spacing unit and ownership is not common between the adjoining spacing unit and the spacing unit containing the proposed unorthodox well, then "affected persons" include all working interest owners in that spacing unit".*

Capataz Operating, Inc.

March 7, 2002

Page 2

---

It was stated in your earlier application, which resulted in the issuance of Division Administrative Order NSL-4630, "Capataz has oil and gas leases on all of the tracts adjacent to this proposed location." This statement was made in July, 2001, is it still applicable? If so, please clarify, does this mean that Capataz owns 100% of the working interest in these leases? If not please identify each interest owner within the affected lease (s) comprising the appropriate sized unit, show his or her percentage of ownership, and provide adequate notice as required.

Since the submitted information is insufficient to review, the application was ruled as incomplete on March 7, 2002. Please submit the above stated information by Friday, March 15, 2002.

The Division cannot proceed with your application until the required information is submitted. Upon receipt, the Division will continue to process your application. The additional information can be faxed to (505) 476-3471, or mailed to the Division in Santa Fe. If the necessary information is not submitted, your application will be returned to you.

Should you have any questions concerning this matter, please contact me in Santa Fe at (505) 476-3465 or e-mail me at "[mstogner@state.nm.us](mailto:mstogner@state.nm.us)." Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael E. Stogner", with a long horizontal flourish extending to the right.

Dear Mr. Stogner,

I am in receipt of your correspondence dated March 7, 2002 regarding the captioned and need a little clarification. You advise that this office should file "a C-103, notice of intent form". Am I correct in assuming that this C-103 should be filed as a notice of intent to form a 160 acre wildcat Blinbry unit? What other information do I need to provide on this C-104? The ownership under the 160 acre tract is common with the original 40 acre drilling application. Does the lease ownership information need to be included along with or on the C-104?

I am unfamiliar with filings of this nature and would appreciate any assistance you can offer.

Thanks for your help.

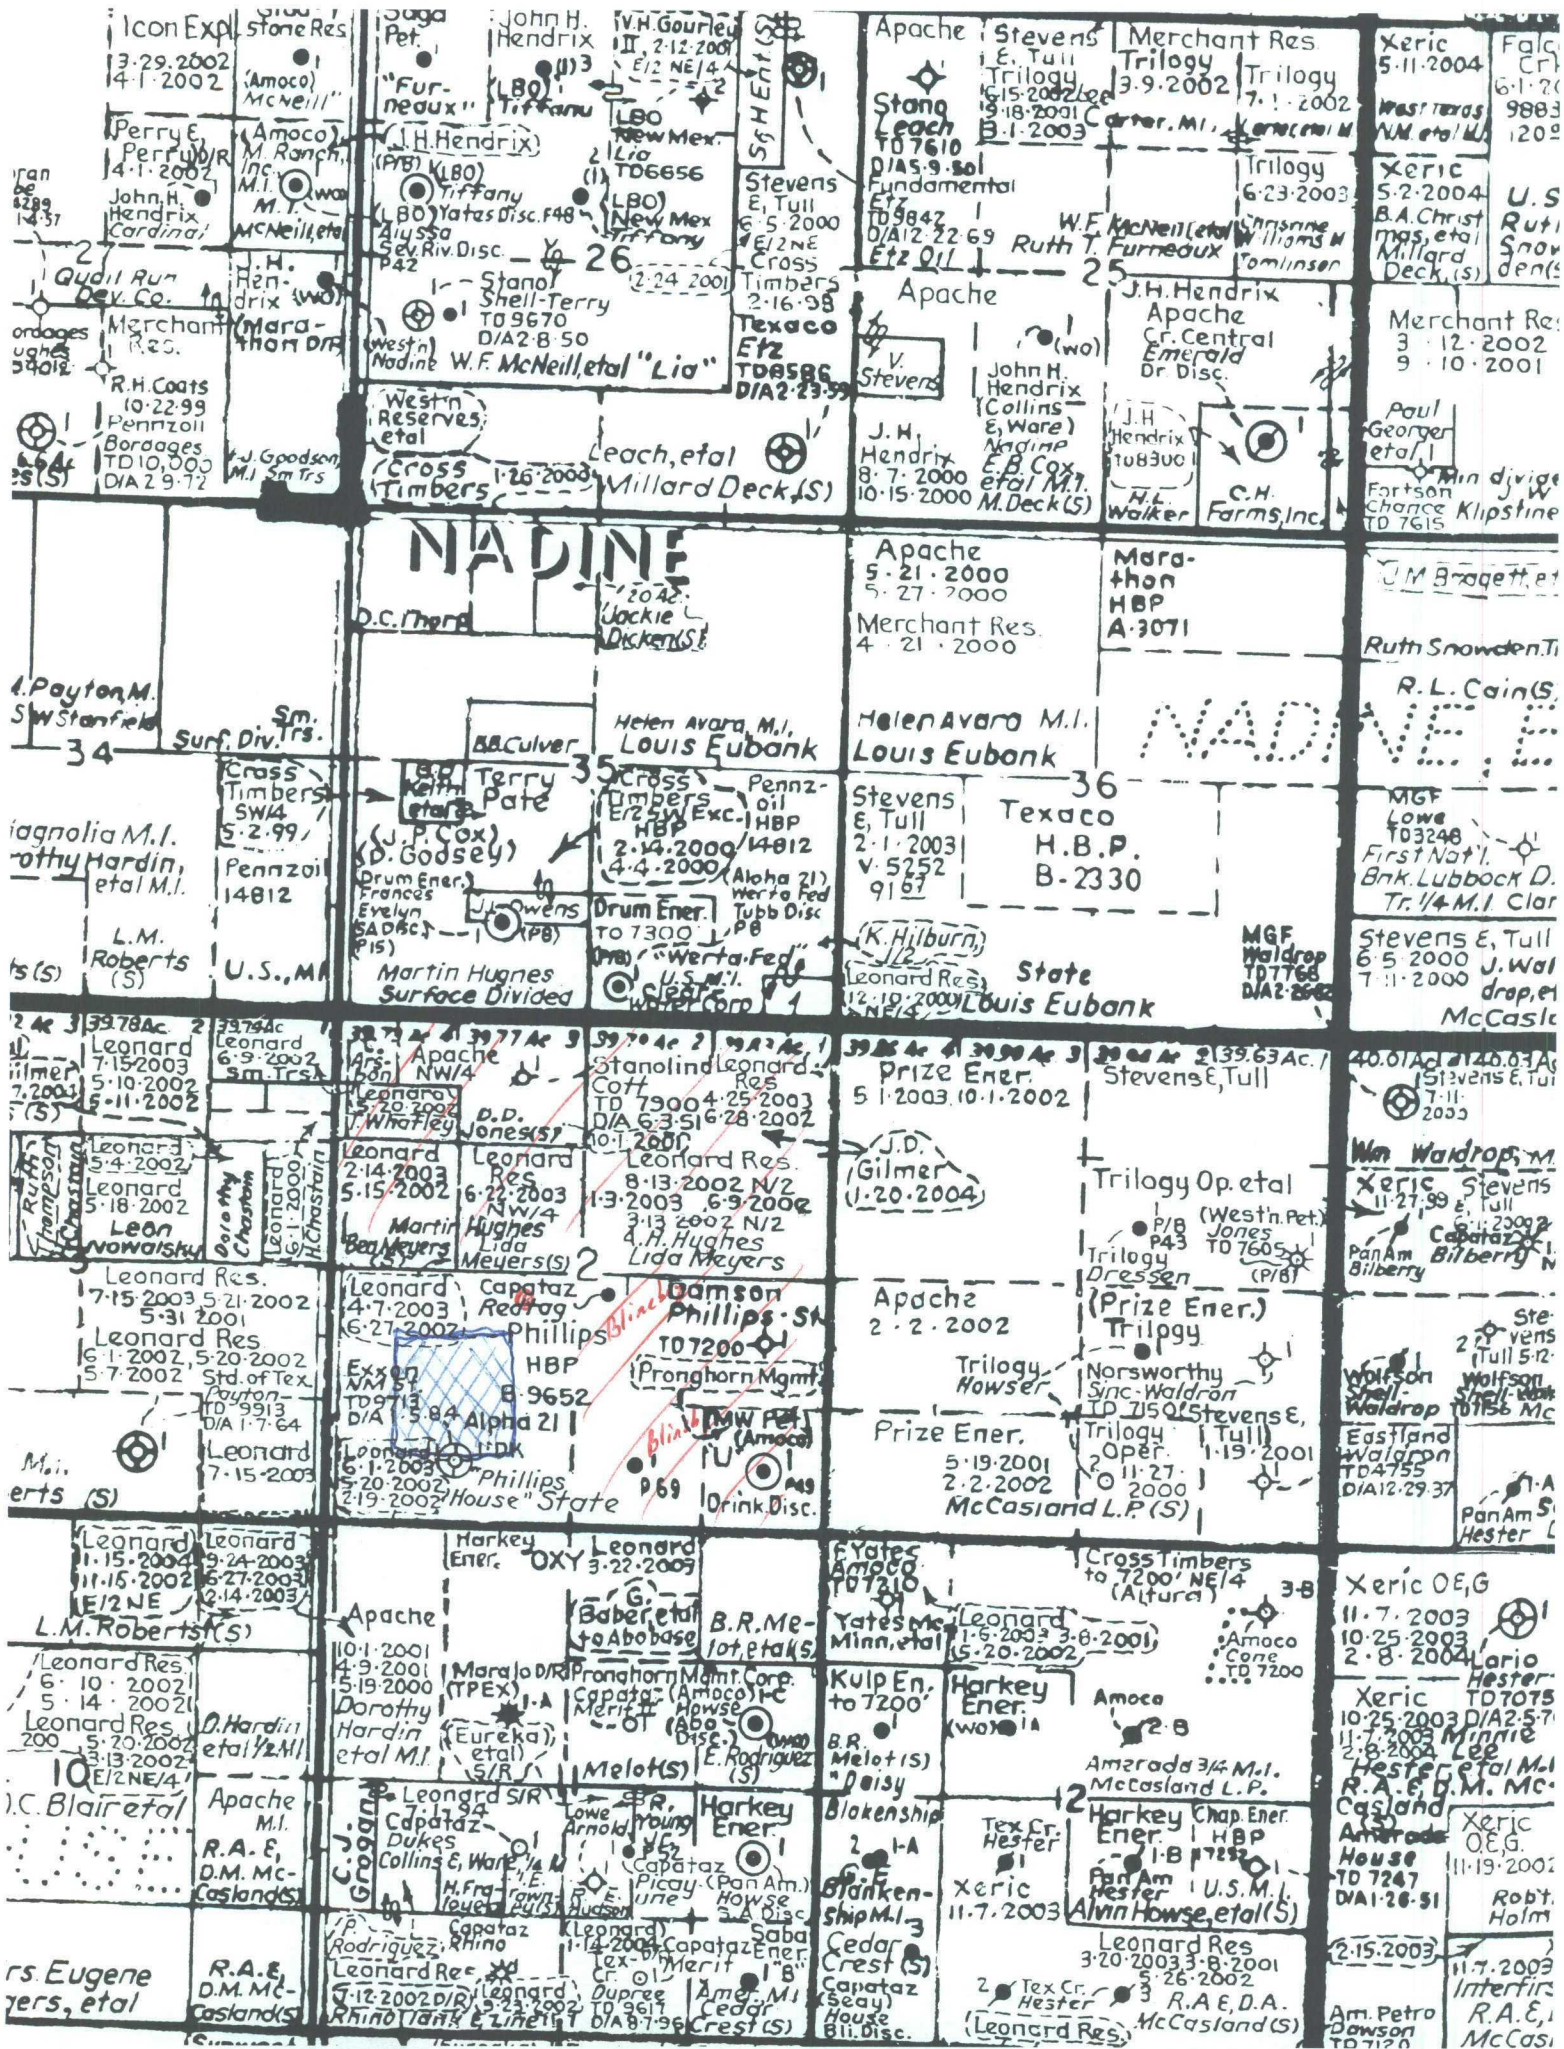

Scott Davis

3-14-2002  
 Talked at length w/ Scott Davis  
 @ 1:30 pm concerning his  
 submission of 3-4-02.

He will be sending me interest information  
 for the NW $\frac{1}{4}$ , NE $\frac{1}{4}$ , and SE $\frac{1}{4}$  of Sect. 2.  
 Will also provide notice to applicable int.  
 within three (3) business days.

# NEW MEXICO ENERGY, MINERALS and NATURAL RESOURCES DEPARTMENT

**GARY E. JOHNSON**  
Governor  
**Jennifer A. Salisbury**  
Cabinet Secretary

August 14, 2001

**Lori Wrotenbery**  
Director  
Oil Conservation Division

**Capataz Operating, Inc.**  
**P. O. Drawer 10549**  
**Midland, Texas 79702**  
**Attention: H. Scott Davis**

**Telefax No. (915) 620-8842**

*Administrative Order NSL-4630*

Dear Mr. Davis:

Reference is made to the following: (i) your initial application (*application reference No. pKRV0-122048487*) dated July 12, 2001 that was apparently submitted to the New Mexico Oil Conservation Division's ("Division") district office in Hobbs on the same day but was not forwarded to the Division's Santa Fe office, being the proper place to submit such filings, until August 7, 2001; and (ii) the Division's records in Santa Fe: all concerning Capataz Operating, Inc.'s request for an unorthodox oil well location in both the Undesignated House-Drinkard (33250) and Undesignated House-Abo (33210) Pools for the proposed Redtag Well No. 2 (API No. 30-025-35630) to be drilled 2410 feet from the South line and 2210 feet from the West line (Unit K) of Section 2, Township 20 South, Range 38 East, NMPM, Lea County, New Mexico.

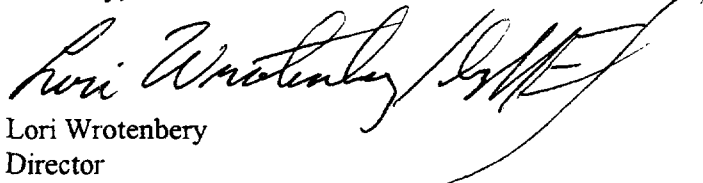

The NE/4 SW/4 of Section 2 is to be dedicated to this well in order to form a standard 40-acre oil spacing and proration unit for both intervals.

This application has been duly filed under the provisions of Division Rule 104.F, revised by Division Order No. R-11231, issued by the New Mexico Oil Conservation Commission in Case No. 12119 on August 12, 1999.

By the authority granted me under the provisions of Division Rule 104.F (2), the above-described unorthodox oil well location for both the Undesignated House-Drinkard and Undesignated House-Abo Pools within the NE/4 SW/4 of Section 2 is hereby approved.

Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

Sincerely,

Lori Wrotenbery  
Director

LW/MES/kv
