*Oil Conservation Division
Attn: Mike Stogner
1220 South St. Francis Dr.
Santa Fe, NM 87505*

Dear Mr. Stogner:

Mack Energy Corporation respectfully requests an administrative approval without notice and hearing of the following unorthodox well location.

Because of our desire to drill this well in a timely manner, we also request your approval be expedited. The well location and legal description is as follows:

*Berry A Federal #14
1100 FNL & 2230 FWL
Sec. 21, T17S, R30E
Eddy County, New Mexico*

The well will be completed in the Paddock formation in the Loco Hills Paddock Pool.

Attached to this application are the following exhibits.

- A.) Well location and acreage dedication plat (form C-102) filed with the Artesia office of the Oil Conservation Division (Exhibit A).*
- B.) A plat showing the proposed unorthodox locations, the respective proration units, and the offsetting proration units (Exhibit B).*
- C.) A map showing the reason for the unorthodox location, the original location would have fallen on top of or too close to an existing pipeline and powerline (Exhibit C).*
- D.) A lease & well location map showing that there is 1 well staked 2 producing wells and 1 other possible locations for effective 10-acre spacing on this particular 40-acre tract (Exhibit D).*

Oil Conservation Division

March 13, 2002

Page 2

Moving the location 110' to the southwest will give the distance needed to build a location away from the pipeline and power line. The location would have to be moved approximately 350' north to get away from the pipeline and power line and existing well to make it orthodox. There are no other possible orthodox locations for this well due to future locations being located on 10-acre spacing.

Also, please find the attached Signature Page in which all working interest owners have approved the unorthodox location.

Thank you for your assistance in this matter. If you have any questions, please feel free to call.

Sincerely,

MACK ENERGY CORPORATION
