Hand Delivered

Michael E. Stogner
Oil Conservation Division
1220 South St. Francis Drive
Santa Fe, New Mexico 87505

Dear Mr. Stogner:

Concho Oil & Gas Corp. ("Concho") applies for administrative approval of an unorthodox oil well location in the Devonian formation for the following well:

<u>Well:</u>	Ginger Quill "33" Well No. 1
<u>Location:</u>	420 feet FSL & 1207 feet FWL
<u>Well Unit:</u>	SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 33, Township 15 South, Range 36 East, N.M.P.M., Lea County, New Mexico

A Form C-102 for the well is attached as Exhibit A. The well is a wildcat Devonian well,¹ so spacing is 40 acres, with wells to be located no closer than 330 feet to a quarter-quarter section line.

The unorthodox location is required to place the well at a high structural location. Attached as Exhibit B is a structure map, based on seismic, which shows that moving the well westward to an orthodox location places the well down-structure, and thus Concho would risk missing its objective.

A land plat of the area is attached as Exhibit C. The entire W $\frac{1}{2}$ of Section 33 is a fee tract with common, undivided ownership. The well is interior to the lease. Therefore, no one was notified of this application.

¹The well is slightly more than one mile from the Dean-Devonian Pool, which has spacing of 40 acres, with wells to be located within 150 feet of the center of a quarter-quarter section.

Please call me if you need any further information on this matter.

Very truly yours,

A handwritten signature in cursive script, appearing to read "James Bruce". The signature is written in dark ink and is positioned above the printed name.
