Administrative Order NSP-431

Gentlemen:

Reference is made to your application for approval of a 160-acre non-standard gas proration unit in the Eumont Gas Pool consisting of the following acreage:

Township 21 South, Range 36 East, NMPM
Section 19: E/2 E/2

It is understood that this unit is to be ascribed to your Meredith No. 1 Well, located 2,313 feet from the North line and 335 feet from the East line of said Section 19.

Inasmuch as you enclosed waivers from the offset operators agreeing to the formation of the proposed unit and inasmuch as the subject well was drilled prior to the effective date of Order No. R-520 and was in accord with spacing requirements effective at that date, it is possible for immediate approval to be granted. Therefore, by authority granted me under provisions of Rule 5, (b)-5 of the Special Rules and Regulations of the Eumont Gas Pool, as set forth in Order R-520, you are hereby authorized to operate the above described acreage as a non-standard gas proration unit, with allowable to be assigned thereto in accordance with pool rules, based upon the unit size of 160 acres.

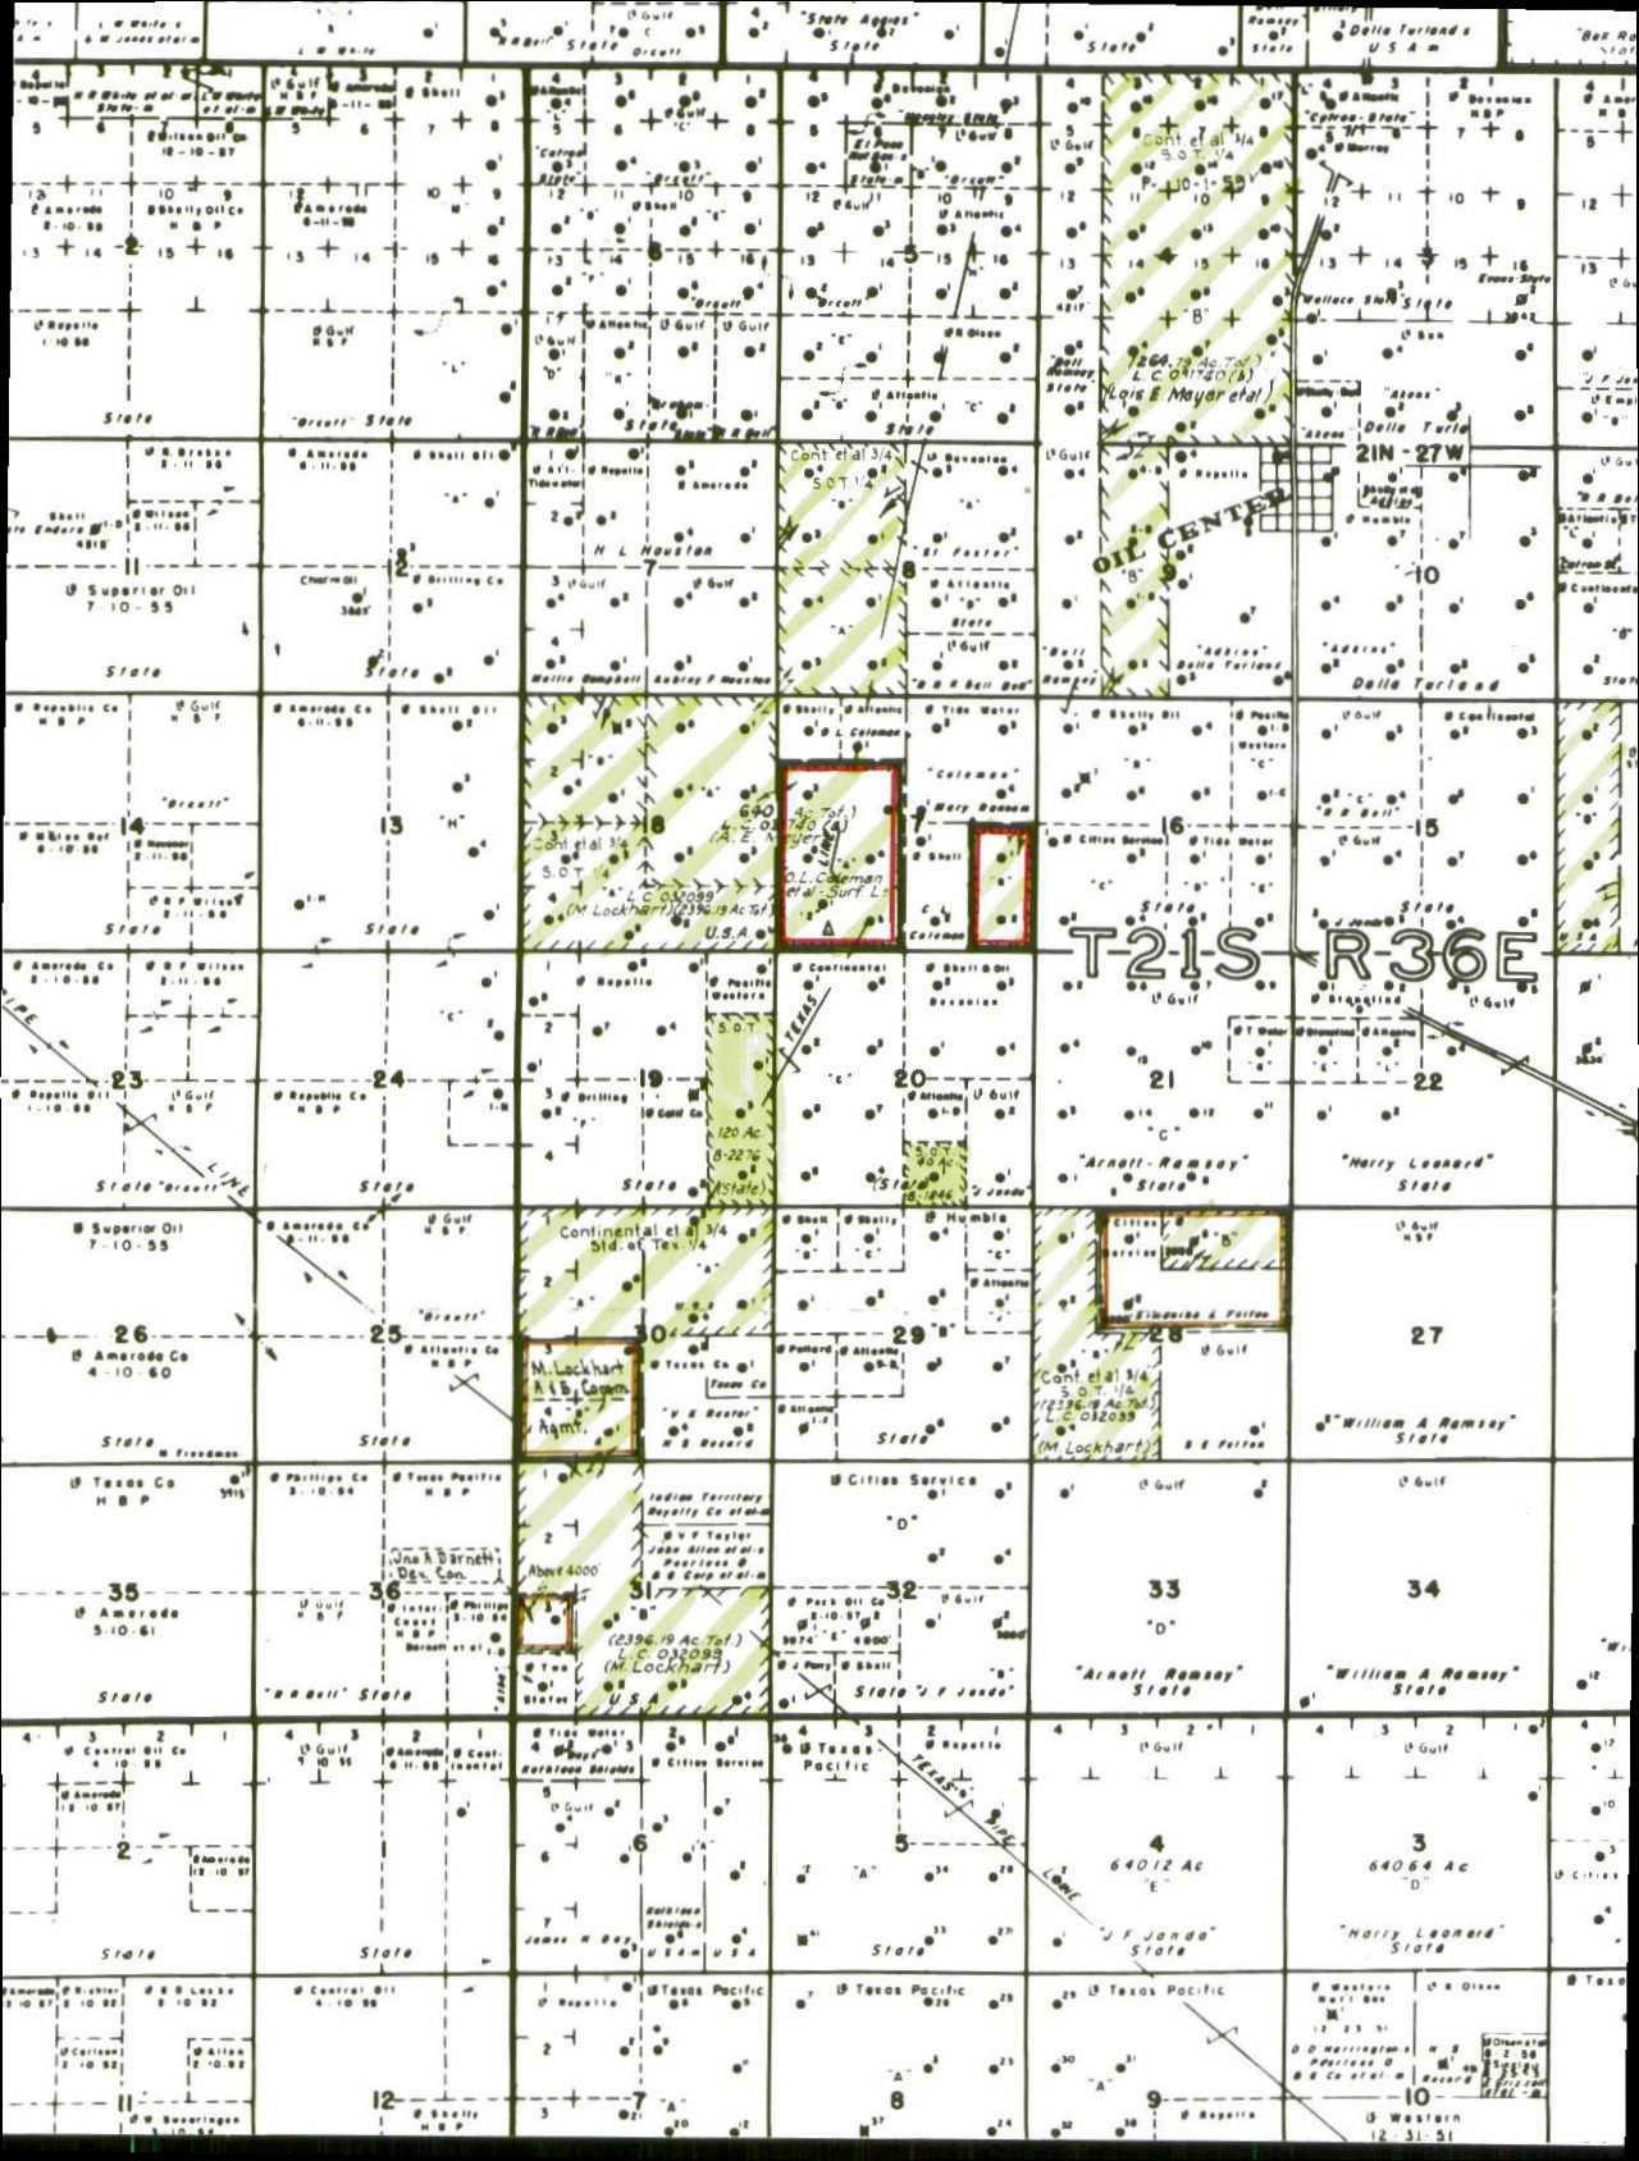

Very truly yours,

A. L. PORTER, Jr.,
