Re: Application for Administrative
Approval of an 80-acre Non-
Standard Gas Proration Unit,
Eumont Gas Pool, Comprised of
N/2 SW/4 of Section 34, T-20S,
R-36E, Lea County, New Mexico

Gentlemen:

The Atlantic Refining Company respectfully requests administrative approval under provisions of Rule 5 (b) of NMOCC Order No. R-520 for a non-standard gas proration unit for its Seale (Federal) No. 2 Well, located 1983.3' from the south line and 1983' from the west line of Section 34, T-20S, R-36E, Eumont Pool, Lea County, New Mexico. The proposed non-standard gas proration unit is to consist of 80 acres comprising the N/2 SW/4 of the above described section. Upon approval of this non-standard unit, it is requested that the New Mexico Oil Conservation Commission Administrative Order NSP-208, dated November 30, 1955, be cancelled.

In support of this application, the following facts are submitted:

1. The Atlantic Refining Company is the owner and operator of an oil and gas lease known as the Atlantic Seale (Federal) Lease which covers the SW/4 of Section 34, T-20S, R-36E, Lea County, New Mexico.

2. The Atlantic Seale (Federal) No. 2 Well will no longer produce a full allowable for its 160-acre non-standard gas proration unit provided for by the New Mexico Oil Conservation Commission Administrative Order NSP-208, dated November 30, 1955.

3. A plat is attached hereto showing the proposed 80-acre non-standard gas proration unit, the location of the Atlantic Seale (Federal) No. 2 Well, and the location of offset wells.

4. The proposed non-standard gas proration unit complies with the provisions of Rule 5 (b) of Order R-520 in that

- (a) it is composed of contiguous quarter-quarter sections,
- (b) it lies wholly within a single governmental section,
- (c) the entire unit may reasonably be presumed to be productive of gas,
- (d) neither its length nor its width exceeds 5280', and
- (e) all operators owning interests within the same governmental section as the proposed unit, and all operators owning interests within 1500' of the well to which this unit is proposed to be allocated, have been notified of Atlantic's intent to form the unit by means of a copy of this application sent by registered mail.

5. Three copies of the New Mexico Oil Conservation Commission's revised Form G-128 are attached in accordance with the New Mexico Oil Conservation Commission Order R-985.

6. The granting of this application for the non-standard gas proration unit is in the interest of conservation and the protection of correlative rights.

Respectfully submitted,

THE ATLANTIC REFINING COMPANY

P. E. Fletcher
P. E. Fletcher,
Regional Operations Manager

AFFIDAVIT

On this the 17th day of November, 1958, before me appeared P. E. Fletcher, to me personally known to be the person who executed the foregoing instrument and who after being by me duly sworn on oath, stated that he is employed by or associated with The Atlantic Refining Company in the capacity of Regional Operations Manager, and that the above statements are true and correct.

IN WITNESS THEREOF, I have hereunto set my hand and seal on the day and year first above written.
