Gentlemen:

Please consider this the application of Shell Oil Company for a 120-acre non-standard gas proration unit to be dedicated to Shell Turner No. 13, Blinebry (Gas) Field, Lea County, New Mexico. As seen on the attached plat, this well is located 1685 feet FWL and 880 feet FSL of Section 22, T-21-S, R-37-E, Lea County, New Mexico.

Shell Turner 13 was completed as a Blinebry (Gas) producer in October, 1952. Currently, 160 acres (outlined in red on the attached plat) are dedicated to this well. However, Shell Turner No. 16, located within this 160-acre unit, was recently recompleted in the Blinebry (Oil) Field, resulting in this request of a 120-acre gas unit for Shell Turner No. 13. The outline of the proposed 120-acre unit is shown in green on the attached plat.

Please advise if any other information is desired concerning this request.

Very truly yours,

R. L. Rankin
