Attention: Mr. A. L. Porter, Jr.
Secretary and Director

Gentlemen:

This is Shell Oil Company's application for a 40-acre Non-Standard Gas Proration Unit to be dedicated to Shell Argo No. 3, Blinebry (Gas) Field, Lea County, New Mexico. As shown on the attached plat, this well is located 1980 feet from south line and 1980 feet from west line of Section 15, T-21-S, R-37-E, Lea County, New Mexico.

Shell Argo No. 3 was completed as a Blinebry (Gas) producer in October 1952. Currently, 160 acres (outlined in red on the attached plat) are dedicated to this well. We are requesting a reduction in gas unit size due to our plans to convert the Shell Argo lease from Blinebry (Gas) to Blinebry (Oil) production. This conversion will be achieved by effecting Blinebry (Oil) completions in the following wells in the order tabulated.

<u>Well</u>	<u>Location</u>
Shell Argo 4	SE/4 SW/4 Section 15, T-21-S, R-37-E
Shell Argo 1	SW/4 SW/4 Section 15, T-21-S, R-37-E
Shell Argo 2	NW/4 SW/4 Section 15, T-21-S, R-37-E

Following completion of the three above-mentioned Blinebry (Oil) wells, it is planned to establish Blinebry (Oil) production in the NE/4 SW/4 of Section 15, thereby completing the conversion of the Shell Argo lease from Blinebry (Gas) to Blinebry (Oil) production.

Yours very truly,

R. L. Rankin

R. L. Rankin
Division Production Manager
