REQUEST FOR NON-STANDARD GAS  
PRORATION UNIT  

---

TUBB GAS POOL  
LEA COUNTY, NEW MEXICO

New Mexico Oil Conservation Commission  
P. O. Box 2088  
Santa Fe, New Mexico 87501

Attn: Mr. A. L. Porter, Jr.,  
Secretary-Director

Gentlemen:

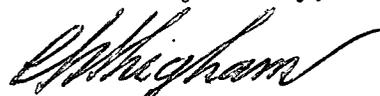

Texaco Inc. respectfully requests administrative approval of a non-standard gas proration unit to be dedicated to the Texaco Inc. A. H. Blinebry NCT-1 Well No. 16 located in Unit J, Section 33, T-22-S, R-38-E, Lea County, New Mexico. Two existing conditions necessitate a non-standard proration unit for this well. Firstly, only three quarter-quarter governmental sections are available for dedication to Well No. 16. Secondly, included in Texaco's A. H. Blinebry NCT-1 Lease, in addition to the three quarter-quarter governmental sections, is a tract consisting of 6.18 acres lying alongside and east of the NE/4 of the SE/4 of Section 33, being a narrow strip lying between Section 33 and the New Mexico-Texas north-south state boundary. The attached copy of Form C-128 serves to illustrate these two conditions. It may also be noted that the maximum width of this proration unit will exceed the limit of 2640' by 203.94'. It is, therefore, requested that your approval of an exception to Rule 5 (B) of the General Rules and Regulations for Southeastern New Mexico adopted in Order No. R-1670 for the prorated gas pools of Southeastern New Mexico on May 20, 1960, will include approval of:

1. A unit consisting of less than 160 acres,
2. A unit including 6.18 acres outside of the one-quarter section in which the well is located but contiguous thereto, and
3. A maximum width of the proration unit of 2843.94'.

This request is as provided by Rule 5 (C) in that the following provisions are complied with:

1. The proposed non-standard proration unit consists of less than a standard proration unit of 160 acres.
2. The unit consists of contiguous tracts.
3. The unit lies wholly within a single governmental quarter section with the exception of an adjoining 6.18 acres that lies between Section 33 and the New Mexico-Texas state boundary line.
4. All acreage may reasonably be presumed to be productive.
5. Exception is requested for the maximum dimension of 2640'.
6. Letters requesting waivers, with a copy of this letter, have been mailed to (a) all operators outside the unit but within the single one-quarter section, and (b) all operators within 1500' of the well to which this non-standard proration unit is to be dedicated.

Yours very truly,

C. L. Whigham  
Division Proration Engineer

Offset Operators

Gentlemen:

In compliance with paragraph 6 (A) and (B) of Rule 5 (C), General Rules and Regulations, Southeastern New Mexico, adopted in Order No. R-1670 for the prorated gas pools of Southeastern New Mexico, May 20, 1960, you are hereby duly notified of the application by Texaco Inc. for a non-standard gas proration unit in the above subject field and an exception to Rule 5 (B) of the above subject rules.

Attached to this letter, and forwarded to you by registered mail, is a copy of the letter to the New Mexico Oil Conservation Commission requesting the non-standard unit, a copy of the plat illustrating the unit, a waiver, and a self-addressed envelope. If you have no objections to the application by Texaco Inc. as set out herein, it is respectfully requested that you sign the attached waivers, forwarding one copy to the Oil Conservation Commission in the attached self-addressed envelope and retaining the extra copy for your files.

Yours very truly,

**C. L. Whigham**  
**Division Proration Engineer**

Attn: Mr. A. L. Porter, Jr.,  
Secretary-Director

Gentlemen:

As an offset operator to Texaco Inc.'s A. H. Blinbry  
NCT-1 Lease, we have been duly notified of the application by  
Texaco for a non-standard proration unit to be dedicated to  
Well No. 16 on the subject lease located in Section 33,  
T-22-S, R-38-E, Lea County, New Mexico. We have received  
by registered mail a copy of the application and a plat showing  
the location.

This is to advise that as an offset operator we have  
no objection to the application as described and concur therewith.

Yours very truly,
