Re: Pan American's State "C" Tract 11 Well #3,  
Oil Center Blinbry Pool, Lea County, New Mexico

Gentlemen:

Pan American Petroleum Corporation has requested that we supply waivers to the New Mexico Oil Conservation Commission for a non-standard 40-acre unit for the above well. The non-standard oil unit is to be located in the NW/4 of the NE/4 of Section 2, T-21-S, R-36-E in the Oil Center Blinbry Pool, Lea County, New Mexico.

This is to advise you that El Paso Natural Gas Company does not own any of the oil rights surrounding the proposed non-standard unit. Our rights are limited to gas only. El Paso Natural Gas has no objections to granting the above non-standard oil unit request as far as our gas rights are concerned.

Very truly yours,

E. R. MANNING, SR.
