Gentlemen:

Union Texas Petroleum respectfully request approval of a non-standard unit for the subject well.

The Britt "A" No. 6 was plugged back and recompleted as a gas well in the Eumont (Queen) Pool. A standard Proration unit for this pool is 640 acres and the acreage factor is 160.

Union Texas Petroleum is dedicating 80 acres to the subject well. This 80 acres is currently dedicated to the Britt "A" No. 2. The Britt "A" No. 2 is currently temporarily abandoned and will be plugged.

The following information is submitted in support of this request:

1. Form C-102
2. List of offset operators
3. Location Plat
4. Copy of certified letter to offset operators

We would appreciate administrative handling of our application. However, if this should not be possible, please set it for hearing.

Should you need additional information, please contact me at your convenience.

Very truly yours,
