Re: Hinkle Federal No. 4

Gentlemen:

1980 N
330 E

This letter is to request a Non-Standard Unit, as per Rule 104-D11, for the McClellan Oil Corporation Hinkle #4-H, Section 9, Township 16 South, Range 29 East, Eddy County, New Mexico.

The acreage to be dedicated to this well will be the S $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 9, as shown on the attached C-101. There are no offset operators as McClellan Oil Corporation is the Operator of all leases adjacent and offsetting the proposed non-standard proration unit. A map is attached hereto for reference.

This letter is also to request a Non-Standard Location, as per Rule 104-C11, as it was the intention at the time of drilling this well to secure oil production, but the result was a gas well.

If you need any further information on these requests, would appreciate hearing from you at your earliest convenience.

Very truly yours,

Jack L. McClellan
President
