Gentlemen:

Northern Natural Gas Company, as Operator of the referenced well, requests approval for a non-standard proration unit for the referenced well comprised of Lots 1 thru 12 of Section 1, 16S, 27E and containing 385.84 acres. Said non-standard proration unit is necessitated by an irregular government survey.

We enclose a copy of the acreage dedication plat, plat showing offset operators, list of names and addresses of offset operators and copies of letters sent to the offset operators asking that they waive any objections to the proposed proration unit.

Your expeditious handling of this request will be very greatly appreciated.

Very truly yours,
