Re: Dedication of Non-standard Proration Unit
Rodman Jones No. 6
Jalmat Yates Seven Rivers
Section 35, T-22-S, R-36-E,
Lea County, New Mexico

Gentlemen:

ARCO Oil and Gas Company respectfully requests administrative approval to dedicate a 160 acre non-standard proration unit to the Rodman Jones No. 6. Approval is requested to dedicate the NW/4 of Section 35, T-22-S, R-36-E to the Rodman Jones No. 6.

The 160 acre non-standard proration unit was originally dedicated to the Rodman Jones No. 1 in 1936. This well was plugged and abandoned in 1976, and the proration unit was dissolved.

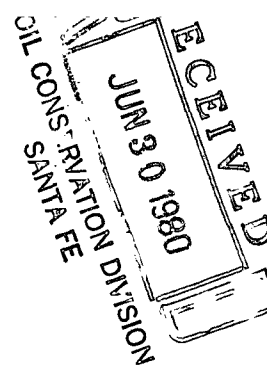

ARCO Oil and Gas Company believes approval of this request will be in the interest of conservation, protection of correlative rights, and allow for more complete recovery of Jalmat gas reserves from the subject acreage.

The offset operators are being notified by registered mail with a copy of this application.

Sincerely,

Ronald B. Marquez
Operations Engineer
