Dear Mr. Church:

ARCO Oil and Gas Company, Division of Atlantic Richfield Company requests your consent and approval of the referenced well at the stated location and as more fully shown on the attached plat.

Pursuant to Rule 104-D, of the Oil Conservation Commission of the State of New Mexico it is necessary to obtain the consents of all off set operators when an application has been filed for a non-standard unit and the unorthodox size or shape of the unit is necessitated by a variation in the legal subdivision of the U. S. Public Lands Survey.

Since the Northeast quarter of section 6 contains 215.52 acres, I would appreciate it if you would sign and date the consent and approval form contained in this letter, and return one executed and dated copy of the letter to me in the enclosed self addressed stamped envelope and keep the other copy for your records. If you have any objections or questions concerning this request, please call me at your earliest convenience.

Very truly yours
