Re: Request for 160-acre Jalmat NSPU
Doyle Hartman
Samedan-Hughes Federal No. 1
NW/4 Section 19, T-23-S, R-37-E
Lea County, New Mexico

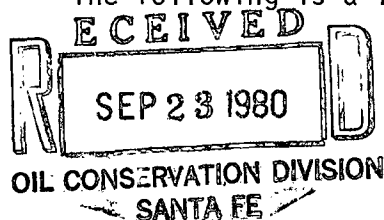

Gentlemen:

We are presently in the process of filing USGS form 9-331C (APD) plus NMOCD form C-102 with the USGS district office in Hobbs, New Mexico for permission to drill a replacement Jalmat (Gas) well at a standard location consisting of 1980 FNL & 660 FWL (E) Section 19, T-23-S, R-37-E, which will be situated on an existing Jalmat (Gas) proration unit comprised of the NW/4 Section 19, T-23-S, R-37-E. At the present time, the NW/4 Section 19, T-23-S, R-37-E is dedicated to Samedan Oil Corporation's Hughes "B" Federal No. 1 located 990 FNL & 1650 FWL Section 19. However, because Samedan's Hughes "B" Federal No. 1 has been non-productive for the past twelve months and appears to be incapable of recovering the remaining Jalmat (gas) reserves from the subject tract, we hereby file for administrative approval to dedicate the NW/4 Section 19 as a 160-acre non-standard Jalmat (Gas) proration unit to our newly proposed Samedan-Hughes Federal No. 1.

In the event that the proposed well is completed as a commercial producer and in compliance with the Natural Gas Policy Act of 1978 and the rules of the appropriate jurisdictional agency, an application will be submitted to the United States Geological Survey office in Albuquerque, New Mexico to obtain administrative approval for the well as a necessary infill well located on a previously existing proration unit.

Three copies of a plat showing the location of the original well on the existing 160-acre proration unit plus the location of the proposed well are enclosed.

Copies of this request and corresponding ownership plat have also been sent to all offsetting parties owning shallow Jalmat dry gas rights. The following is a list of the offset Jalmat owners:

We would appreciate it very much if you would indicate your approval of our request to the NMOCD for administrative approval for a 160-acre non-standard proration unit to be dedicated to the above captioned well by signing one copy of this request and returning it in the enclosed stamped, self-addressed envelope.

We will have a rig available to drill our newly proposed well within two weeks and therefore respectfully request your prompt concurrence in this matter.

Very truly yours,
