Re: El Paso Natural Gas Company
Carson No. 3 (PC-MV Dual)
Non-Standard Unit
W/2 ~~SW~~ 30, T30N, R4W
Rio Arriba County, New Mexico

Dear Mr. Ramey:

El Paso Natural Gas Company has drilled and completed the above captioned well located 840' from the south line and 995' from the west line of section 30.

The westernmost tier of sections in T30N, R4W are along a survey correction line and the west half of each section in this tier contains less than 320 acres. The west half of section 30 contains 220.12 acres. El Paso's application to drill and plat were submitted designating a west half dedication.

El Paso respectfully requests that a non-standard unit of 220.12 acres for a Mesaverde well be administratively approved by the Division Director for the west half of section 30.

If you have any questions regarding this request, please contact me.
