Gentlemen:

This is to request your approval as an offset operator to subject well, for an exception to the South Culebra Bluff Bone Springs field rules requiring 80 acres be dedicated to the well and the well be located 150 feet from the center of the quarter-quarter section. We propose to dedicate 40 acres to our State G0 #1. The well was drilled as an orthodox location to the Morrow zone and was recompleted to the Bone Springs on August 25, 1981. The footage location of subject well is 1980' FNL and 860' FWL which places this well 200' from the center of the quarter-quarter section.

We respectfully request your approval and ask that you mail one copy to the NMOCD in Santa Fe and one copy to us in the pre-addressed stamped envelopes.

Yours very truly,

Enclosures
