Re: Request and Notice for:

1. Simultaneous Dedication
 2. Infill Drilling
 3. 120-acre Non-Standard
Proration Unit
 4. Unorthodox Location
- B. M. Justis Lease
S/2 NE/4 and NE/4 NE/4
Section 20, T-25-S, R-37-E
Lea County, New Mexico

Gentlemen:

We are currently in the process of filing a C-101 and C-102 with the New Mexico Oil Conservation Division's District Office in Hobbs for permission to drill a second Jalmat-Yates (Gas) well as an infill well to the same producing interval on an existing 160-acre non-standard proration unit. The subject 160-acre non-standard proration unit is currently dedicated to our B. M. Justis No. 2-A. The proposed well will be drilled at an unorthodox location 1980 FNL and 2210 FEL of Section 20, T-25-S, R-37-E, Lea County, New Mexico.

The present 160-acre non-standard proration unit consists of the NE/4 Section 20, T-25-S, R-37-E. This proration unit is dedicated to our B. M. Justis No. 2-A which is currently not producing, (last production December 1970). We propose to change this to a new 120-acre non-standard proration unit consisting of the S/2 NE/4 and NE/4 NE/4 Section 20, T-25-S, R-37-E, Lea County.

The unorthodox location is necessary because of surface equipment, lease roads, and other wells. I have enclosed a sketch showing these obstacles.

Mr. R. L. Stamets
May 25, 1982
Page 2

I hereby file for administrative approval to drill the proposed well at the unorthodox location of 1980 FNL and 2210 FEL of Section 20, and to simultaneously dedicate the new 120-acre non-standard proration unit comprised of the ~~S/2 NE/4~~ and ~~NE/4 NE/4~~ Section 20, T-25-S, R-37-E to both our existing well (B. M. Justis No. 2-A located in H-20-25S-37E) and to our proposed well (B. M. Justis No. 11 located in G-20-25S-37E).

Furthermore, if the proposed well is completed as a commercial producer, and in compliance with the Natural Gas Policy Act of 1978, an application will also be submitted to the New Mexico Oil Conservation Division to obtain administrative approval for the well as a Section 103 infill well located on a previously existing proration unit.

Three copies of a plat showing the location of the original well plus the location of the proposed well on the new 120-acre proration are enclosed.

Copies of this plat and application have also been sent by certified mail to all offsetting parties owning Jalmat-Yates (Gas) rights. The following is a list of the offset Jalmat-Yates owners:

Lea County, New Mexico

We would be very appreciative if you would indicate your approval of our request for non-standard proration unit, non-standard location and simultaneous dedication to the above-captioned well and our intention to qualify the B. M. Justis No. 11 as a Section 103 (Infill) well by signing one copy of this request and returning it in the enclosed self-addressed, stamped envelope.

Your prompt attention in this matter would be very much appreciated.

Very truly yours,

DOYLE HARTMAN, OIL OPERATOR
