Administrative Order NSP-1378

Dear Mr Turnbaugh:

It appearing to the Division that Administrative Order NSP-1378, dated May 12, 1983, as amended March 3, 1987, does not correctly state the intended order of the Division.

It is therefore ordered that only that portion of said Order NSP-1378, as amended authorizing a non-standard gas proration unit for the Basin Dakota Pool be omitted and that all other provisions set forth thereon shall remain in full force and effect until further notice.

Sincerely,

A handwritten signature in cursive script, appearing to read "William J. Lemax".
