Dear Mr. Ramey:

Getty Oil Company wishes to request a Non-Standard Proration Unit for the above-referenced oil well because the Devil's Fork Gallup Field, spaced 160 acres, was expanded to include this well which was formerly spaced 80 acres under the Otero Gallup Field. Getty only owns 80 acres which is the W/2 of the SW/4 of Section 10-T24N-R6W.

Attached is a plat showing offset operators. By copy of the attached letter and plats, offset operators were notified of Getty's request for a Non-Standard Proration Unit on this well by certified mail.

Yours Truly,

GETTY OIL COMPANY
