RE: Application for a 120 Acre
Non-Standard Gas Proration Unit,
State "A" No. 1, E/2 SE/4 and
SW/4 SE/4, Section 30, T20S -
R-37-E, Lea County, New Mexico
Eumont Gas Pool

Gentlemen:

John H. Hendrix Corporation respectfully requests administrative approval for a non-standard 120 acre gas proration unit consisting of the E/2 SE/4 and SW/4 SE/4, Section 30, T-20-S - R-37-E, Lea County, New Mexico, for a Eumont Gas well, the State "A" No. 1, to be drilled in Unit O. A lease plat is attached showing the location of this well.

The State "A" No. 1 is a replacement well for the Cities Service State "F" No. 2 which was a Eumont Gas well with the same non-standard proration unit, but was turned over to the Chevron Eunice Monument South Unit and plugged in the Eumont.

Approval of this request will protect correlative rights, promote conservation, and encourage the efficient recovery of gas reserves. The proposed proration unit will consist of contiguous lots and lie wholly within a single governmental section. The length or width of the proration unit will not exceed 5280 feet.

By copy of this letter, we are notifying the offset operators of this proposed non-standard proration unit. If these operators have no objections we ask that they execute the attached waiver and return one copy to the NMOCD and another to me at the letterhead address.

Yours very truly,

Ronnie H. Westbrook

Attn: Mr. J. N. Dunlavey, Asst. Supt.

Dear Sirs:

Cities Service Oil Company will apply to the New Mexico Oil Conservation Commission for an exception to Rule 7 (a) of Commission Order No. R-370-A on its State "F" No. 2 well completed in the Summit Gas Pool, Lea County, New Mexico.

Attached is a plat showing the proposed assigned acreage.

Under Rule 7 (b) the Secretary of the Commission has the authority to grant exception to Rule 7 (a) of Order No. R-370-A without Notice and Hearing when certain provisions are complied with, one of these provisions being that the operator obtain the written consent in the form of a waiver from offset operators.

After a study of this area, it will be noted we stay within the legal quarter section and the other 40 acres belongs to the Skelly Oil Company, upon which they have a dual gas-oil well completed in the Summit Gas and Mexico Oil Pools.

Please give this your consideration and it is hoped you will be able to give your approval to this non-standard unit.

Yours very truly,

D. D. Bodie
