REMARKS: By Division Administrative Order NSP-559, dated August 28, 1961, authorization was given for the above-described well to be dedicated to a 320-acre non-standard gas spacing and proration unit in the Jalmat Gas Pool comprising the entire N/2 of said Section 20. On December 1, 1987, authorization was obtained by Order No. SD-87-1 to simultaneously dedicate Jalmat Gas Production from this 320-acre unit to both the J.C. Johnson Well Nos. 4 and 5 located in Units D and C, respectively, of said Section 20. Recently the No. 5 well was reclassified to an oil well in the Jalmat Gas Pool and was therefore reassigned a 40-acre oil spacing and proration unit, which has resulted in the necessity of this order. Both Division Administrative Orders NSP-559 and SD-87-1 are hereby held in abeyance until further notice.
