Re: Application for Non-Standard  
Gas Proration Unit  
Rosa Unit #204  
NE/4 Sec. 19, T31N, R5W  
Dedicated Acreage: 232.01 (N/2)

Dear Mr. LeMay:

Northwest Pipeline Corporation requests permission to produce the above captioned well as a Non-Standard Gas Unit. The unorthodox size of this unit is necessitated by a variation in the legal subdivision of the U.S. Public Land Survey. The offset operators have been notified of our intentions by certified mail and they will forward any objections directly to your office. Copies of these letters along with the receipts for certified mail are enclosed.

This well was originally drilled on 160 acres. With the implementations of the new pool rules the north half of Sec. 19 will now be dedicated to this well.

Sincerely,

*(Handwritten signature of Mike Turnbaugh)*
