PRODUCTION AND DRILLING

Dear Mr. Stogner:

In reference to the Rosa Unit #231 unorthodox location (SW/4 Sec. 31, T31N, R5W). Northwest Pipeline is the operator of both the San Juan 30-5 and San Juan 31-6 Units, thus no notification of offset operators is needed.

Also enclosed for your review are the "Applications for Non-Standard Proration Units" of the Rosa wells: 209, 210, 218, 219, 220, 221, 223, 225, 226, 227, 228; 230, 231, 233, 236, 237, 238, 239, 240 & 241.

All the offset operators outside the Rosa Unit have been notified where necessary, via certified mail and those letters are also attached.

Sincerely,

*Mike Turnbaugh*  
Mike Turnbaugh  
Senior Engineer

Re: Application for Non-Standard  
Gas Proration Unit  
Rosa Unit #241  
SE/4 Sec. 6, T31N, R5W  
Dedicated Acreage: 264.56 (all of Sec. 6)

Dear Mr. Lemay:

Northwest Pipeline Corporation requests permission to produce the above captioned well as a Non-Standard Gas Unit. The unorthodox size of this unit is necessitated by a variation in the legal subdivision of the U.S. Public Land Survey. The offset operators have been notified where applicable of our intentions by certified mail and they will forward any objections directly to your office. Copies of these letters along with the receipts for certified mail are enclosed.

Sincerely,

  
Mike Turnbaugh  
Senior Engineer

Operator Northwest Pipeline Corporation			Lease Rosa Unit PRODUCTION AND DIVISION	Well No. 241
Unit Letter P	Section 6	Township 31 North	Range 5 West	County Rio Arriba

## Actual Footage Location of Well

Ground Level Elev. 6350	feet from the South line and Producing Formation Fruitland	685	feet from the East line Pool Basin Fruitland Pool	Dedicated Acres 264.56 Acres
----------------------------	--	-----	---	------------------------------------

1. Outline the acreage dedicated to the subject well by colored pencil or hachure marks on the plat below.
2. If more than one lease is dedicated to the well, outline each and identify the ownership thereof (both as to working interest and royalty).
3. If more than one lease of different ownership is dedicated to the well, have the interests of all owners been consolidated by communityization, unitization, forced-pooling, etc?

Yes     No    If answer is "yes," type of consolidation \_\_\_\_\_ unitization \_\_\_\_\_

If answer is "no," list the owners and tract descriptions which have actually been consolidated. (Use reverse side of this form if necessary.)

No allowable will be assigned to the well until all interests have been consolidated (by communityization, unitization, forced-pooling, or otherwise) or until a non-standard unit, eliminating such interests, has been approved by the Division.
