Attention: R. C. Anderson,
District Manager

RE: Arnott-Ramsey (NCT-B) Well No .7
Jalmat Gas Pool

Dear Mr. Anderson:

On September *, 1989, the Division approved by Order NSP-* a 280-acre non-standard gas proration unit in the Jalmat Gas Pool to be dedicated to a well to be drilled at a standard gas well location 990 feet from the South line and 1980 feet from the East line (Unit 0) of Section 32, Township 25 South, Range 34 East, NMPM, Lea County, New Mexico. Said Order will also place both Division Administrative Orders NSP-210 and SD-81-5 in abeyance at the time NSP-* is made effective.

This letter is to serve as notice that Chevron's Arnott-Ramsey (NCT-B) Well No. 7 will be greatly affected by the Hartman Order and as such you should apply for a non-standard 40-acre gas spacing and proration unit for your well as soon as possible. If however, Chevron does not obtain such authorization then the No. well will be under the following procedures.

At present and up until the time the Hartman No. 13 well starts producing gas from the Jalmat Pool, your Well No. 7 will be governed by the * _____ two orders. 60 days from the date the No. 13 well is placed on production, the Chevron No. 7 well will be assigned an allowable equal to 40-acres. After which time you will be required to shut-in your well.

Chevron U.S.A., Inc.

Attention: Michelle Wilcox

Administrative Order NSP-1583

Dear Ms. Wilcox:

Reference is made to your application of August 14, 1989, for a 280-acre non-standard gas proration unit consisting of the following acreage in the Jalmat Gas Pool:

LEA COUNTY, NEW MEXICO
TOWNSHIP 25 SOUTH, RANGE 37 EAST, NMPM
Section 32: NE/4, W/2 SE/4, and SE/4 SE/4

It is my understanding that this unit is to be dedicated to your Arnott-Ramsey (NCT-B) Well No. 13 to be drilled at a standard gas well location for a gas proration unit this size, 990 feet from the South line and 1980 feet from the East line (Unit 0) of said Section 32.

By authority granted me under the provisions of the Special Rules and Regulations for the Jalmat Gas Pool as promulgated by Division Order No. R-8170, as amended, the above non-standard gas proration unit is hereby approved.

FURTHERMORE, it is hereby ordered that Division Administrative Orders NSP-210 and SD-81-5 be held in abeyance until such time as the subject 280-acre non-standard gas proration unit becomes effective.

Sincerely,

William J. LeMay
Director

Administrative Order NSP-1583

Doyle Hartman

September 12, 1989

Page 2

REMARKS: On December 7, 1955, the Division issued Administrative Order NSP-210 authorizing a 320-acre non-standard gas spacing and proration unit in the Jalmat Gas Pool comprising the E/2 of said Section 32 in which was dedicated to the Gulf Oil Corporation Arnott-Ramsey "B" Well No. 2 located 1980 feet from the North line and 660 feet from the East line (Unit H). On September 29, 1981, Administrative Order SD-81-5 amended this order by authorizing the simultaneous dedication of this acreage to both the Arnott-Ramsey (NCT-B) Well No. 2 and to the Arnott-Ramsey (NCT-B) Well No. 7 located at a standard gas well location 2130 feet from the south line and 990 feet from the East line (Unit I) of said Section 32. The No. 2 well ceased to produce from the Jalmat Pool and was subsequently T.A'd in May, 1986, thereby leaving the No. 7 well actively producing from said E/2 gas proration unit.

Re: Non-standard Proration Unit
Arnott Ramsay NCT-B #7-I
Section 32, T25S, R37E
Jalmat T-Y-SR Gas Pool

Gentlemen:

According to NSP-1583 Doyle Hartman was issued a 280-acre non-standard gas proration unit for thier Arnott Ramsay NCT-B #13 consisting of the NE/4, W/2 SE/4 & SE/4 SE/4 of Sect. 32, T25S, R37E. This acreage had been dedicated to your #2-H and #7-I. The #2 well is currently TA but you must obtain approval of the 40-acre non-standard proration unit for your #7 well.

The Hartman well has been completed and is awaiting pipeline connection. In the event you have not received approval of your 40-acre NSP by the time the Hartman well is on line your acreage will automatically be reduced to 40 and you will have 60 days in which to get it approved.

If you have any questions concerning this matter, please contact Evelyn Downs in the Hobbs office.

Very truly yours,

OIL CONSERVATION DIVISION
