Re: Unorthodox Location Exception & Reduced Proration Unit Size Petition
Union Oil Of California
Federal 18 #2
Bluitt San Andres Associated Gas Field
Roosevelt County, New Mexico

Dear Mr. Catanach:

Union Oil of California at this time requests you grant our petition for an unorthodox location exception and reduced proration unit size of 160 acres in the Bluitt San Andres Associated Field for the Union Oil of California, Federal 18 #2 located 660' FSL & 660' FEL, Sec 18, T-8-S, R-38-E, Roosevelt County, New Mexico.

We have successfully recompleted the above mentioned well in the Bluitt San Andres Field. This well now requires reclassification from oil to gas well in the Bluitt San Andres Associated Field.

The spacing and acreage requirements for the Bluitt San Andres Associated Field are different for those required for the oil field. To meet the requirements of the gas field we are required to file for an unorthodox location exception and reduced proration unit size of 160 acres for the above mentioned wells.

Your prompt consideration of this matter will be greatly appreciated. If you have any questions, please feel free to give me a call.

Very truly yours,

Clayton O. Carson
Advanced Development Geologist
