Attention: Mr. William J. LeMay - Director

Dear Mr. LeMay:

Chevron U.S.A. Inc. respectfully requests administrative approval for creation of a non-standard 40 acre Blinebry Gas proration unit and a non-standard Blinebry gas well location for the Ella No. 2 well.

Chevron U.S.A. is planning to recomplete the Ella No. 2 well from the South Brunson Abo into the Blinebry Oil and Gas Pool. Well No. 2 is located at 560' FNL and 1980' FEL of Section 25, T22S, R37E, Lea County, New Mexico. This is a non-standard gas well location per the Blinebry Gas Pool regulations.

Chevron proposes a 40 acre non-standard gas proration unit. The location of the proposed new proration unit is the NW/4 of the NE/4 of Section 25, T22S, R37E.

A copy of this administrative application is being provided to our offset operators via Certified Mail. Attached is a commercial map and a Form C-102 plat illustrating the proration unit acreage and well location. Also included is a copy of the letter sent to our offset operators.

If you have any questions, or if you require further information, please contact Lloyd Trautman at (915) 687-7152.

Sincerely,

A handwritten signature in cursive script that reads "Lloyd Trautman".
