Application to Establish a Non Standard 40-acre Eumont Gas Proration Unit

Endura DE State #4

NE/4 SE/4 of Section 12, T-21S, R-35E, Lea County, New Mexico

Eumont (Yates/Seven Rivers/Queen) Gas Pool

Dear Mr. Stogner / Mr. Sexton:

ARCO Permian respectfully requests administrative approval to establish a non-standard 40-acre Eumont gas proration unit, which consists of the NE/4 SE/4 of Section 12, T-21S, R-35E, Lea County, New Mexico, and to dedicate the Endura DE State #4 to this proration unit. Since 1988, the Endura DE State #4 has been classified as a Eumont oil well, but due to some recent well work, this well's GOR has increased so that it is now a gas well.

Attached is a C-102 form identifying the configuration of the subject 40-acre Eumont gas proration unit. Also attached is a list of offset operators for this unit, and a land plat map of the surrounding area.

ARCO Permian is notifying the offset operators of this application by sending a copy of this application package, along with waiver to objection forms, by certified mail. If you need further information, please call me at (915) 688-5446.

Sincerely,

David K. Newell

Sr. Operations/Analytical Engineer
