Re: Administrative Application for a 160-acre non-standard gas spacing and proration unit ("GPU") in the SE/4 of Section 33 Township 20 South, Range 37 East, NMPM, Eumont Gas Pool, Lea County, New Mexico

Gentlemen:

This letter supplements our January 9, 1996 letter to your office requesting administrative approval as referenced above.

Enclosed are copies of new OCD Forms C-102 for each of the wells located within the non-standard 200 acre GPU to be retained by Amoco, being:

1. Gillully "B" Federal R/A "A" Well No. 3
2. Gillully "B" Federal R/A "A" Well No. 15
3. Gillully "B" Federal R/A "A" Well No. 22

Thank you for your consideration of our request.

If anything else is required, please call me at 713-366-3588.

Sincerely,

  
Jerry D. West

Re: Administrative Application for a 160-acre non-standard gas spacing and proration unit ("GPU") in the SE/4 of Section 33 Township 20 South, Range 37 East, NMPM, Eumont Gas Pool Lea County, New Mexico

**OFFSET OPERATORS**

Gillully /B/ Federal R/A "A" Wells No. 3, 15 and 22  
(Mailing List Attached)

Gentlemen:

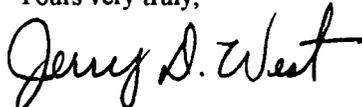

Attached is a copy of an Administrative Application for New Mexico Oil Conservation Division approval for the creation of a 160 acre non-standard Eumont Gas Proration Unit for the Gillully /B/ Federal R/A "A" Wells No. 3, 15 and 22 located in the S/2 NE/4, SE/4 NW/4 and E/2 SW/4 of Section 33-20S-37E, Lea County, New Mexico.

A 360 acre non-standard gas proration unit was approved for these wells under Administrative Order R-657, July 14, 1955. Due to the marginal status of these wells a 160 acre proration unit is sufficient for allowable purposes. The remaining 160 acres (SE/4) has been farmed out to Mewbourne Oil Company, which will result in an additional well being drilled.

Enclosed are three (3) Waiver of Objection letters applicable to Amoco's Application described above. As an Offset Operator, if you do not have any objection to the attached Application, please execute the enclosed waiver letters, sending two (2) copies to the OCD in Santa Fe, New Mexico and returning one (1) copy to the undersigned. We have enclosed self addressed, stamped envelopes for your convenience.

If you have any questions regarding this application, please contact Jerry West (713) 366-3588.

Yours very truly,

  
Jerry D. West

Re: Administrative Non-Standard P.U. Application

Dear Mr. Cobb:

Reference is made to your June 23, 1995 letter to the New Mexico Oil Conservation Division (copy enclosed) asking for administrative approval for a 160-acre non-standard Eumont proration unit, which 160-acre non-standard proration unit is comprised of the SE/4 Section 33, T-20-S, R-37-E, Lea County, New Mexico. As an offset Eumont operator, and under the procedures promulgated by NMOCD Order R-8170-H effective April 1, 1991, Rule 2 of the General Rules for Prorated Gas Pools of New Mexico, and Rule 104(D)(2)(a) of the Rules and Regulations of the New Mexico Oil Conservation Division, we hereby waive objection to your administrative application for a 160-acre non-standard Eumont gas proration unit and acknowledge that your requested 160-acre proration unit:

- 1) is comprised of contiguous lots or 40-acre tracts
- 2) lies wholly within a single 640-acre governmental section which is the standard proration unit size for the Eumont and Jalmat pools
- 3) the length or width of the proration unit does not exceed 5,280 feet
- 4) notice was given by certified mail to offset Eumont operators

Yours very truly,

DOYLE HARTMAN, Oil Operator

Re: Application for a 160 Acre  
Non-Standard Gas Proration Unit,  
Eumont "33" Federal No. 1 Well  
660' FSL & 660' FEL  
SE/4, Sec. 33-T20S-R37E  
Lea County, New Mexico  
Eumont Gas Pool

Gentlemen:

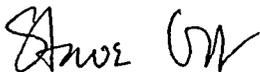

Mewbourne Oil Company respectfully requests administrative approval for a non-standard 160 acre gas proration unit consisting of the SE/4 of Section 33, T20S-R37E, Lea County, New Mexico, for a Eumont gas well, the Eumont "33" Federal No. 1 located in Unit P. A lease plat is attached showing the location of this well.

The Eumont "33" Federal No. 1 is a new well. Approval of this request will protect correlative rights, promote conservation, and encourage the efficient recovery of gas reserves. The proposed proration unit will consist of contiguous lots and lie wholly within a single governmental section. The length or width of the proration unit will not exceed 5280 feet.

By copy of this letter, we are notifying the offset operators of this proposed non-standard proration unit. If these operators have no objections we ask that they execute the attached waiver and return two copies to the New Mexico Oil Conservation Division.

Sincerely,

MEWBOURNE OIL COMPANY

Steve Cobb  
District Landman

To: OFFSET OPERATORS

Attached is a copy of Mewbourne Oil Company's administrative application for New Mexico Oil Conservation Division approval of a non-standard proration unit for the Eumont "33" Federal No. 1 well. Approval of this application will promote conservation and encourage the efficient recovery of oil and gas reserves.

As an offset operator, if you do not have any objections to the attached application, please sign the enclosed waiver and mail two copies to the New Mexico Oil Conservation Division in Santa Fe and one copy to Mewbourne Oil Company in Midland. We have enclosed self-addressed, stamped envelopes for your convenience.

If you have any questions, please call me at (915) 682-3715. Your prompt consideration in the above matter is appreciated.

Sincerely,

MEWBOURNE OIL COMPANY

*RE: Administrative application for a 160-acre non-standard gas spacing and proration unit ("GPU") in the SE/4 of Section 33, Township 20 South, Range 37 East, NMPM, Eumont Gas Pool, Lea County, New Mexico.*

Dear Messrs. Cobb and Welch:

I am in receipt of an application from Mewbourne Oil Company, dated June 23, 1995, requesting the formation of a non-standard 160-acre gas spacing and proration unit ("GPU") to comprise the SE/4 of Section 33, Township 20 South, Range 37 East, NMPM, Eumont Gas Pool, Lea County, New Mexico. Attached to said filing is a signed waiver of objection from Amoco Production Company by Henry R. Welch dated July 5, 1995, see copy attached.

I have also included a rough plat showing current development of the Eumont Gas Pool in said Section 33, in particular the 360-acre non-standard GPU comprising the S/2 NE/4, SE/4 NW/4, E/2 SW/4 and SE/4 of said Section 33, which was approved by Division Order No. R-657, dated July 14, 1955 (see copy attached) and is simultaneously dedicated to Amoco Production Company's Gillully "B" Federal R/A "A" Well Nos. 3, 15, and 22, located in Units "N", "H", and "F", respectively.

Before the Division can authorize the formation of the subject 160-acre GPU, it will be necessary to make such an application for the remaining 200 acres severed from the original 360-acre GPU. I will therefore delay action on this application until such time as I receive a "like" application on the acreage in the S/2 NE/4, SE/4 NW/4, and W/2 SW/4.

Should you have any questions or comments, please contact me in Santa Fe at (505) 827-8185.

Sincerely,

Michael E. Stogner  
Chief Hearing Officer/Engineer

Re: Application for a 160 Acre  
Non-Standard Gas Proration Unit,  
Eumont "33" Federal No. 1 Well  
660' FSL & 660' FEL  
SE/4, Sec. 33-T20S-R37E  
Lea County, New Mexico  
Eumont Gas Pool

Gentlemen:

Mewbourne Oil Company respectfully requests administrative approval for a non-standard 160 acre gas proration unit consisting of the SE/4 of Section 33, T20S-R37E, Lea County, New Mexico, for a Eumont gas well, the Eumont "33" Federal No. 1 located in Unit P. A lease plat is attached showing the location of this well.

The Eumont "33" Federal No. 1 is a new well. Approval of this request will protect correlative rights, promote conservation, and encourage the efficient recovery of gas reserves. The proposed proration unit will consist of contiguous lots and lie wholly within a single governmental section. The length or width of the proration unit will not exceed 5280 feet.

By copy of this letter, we are notifying the offset operators of this proposed non-standard proration unit. If these operators have no objections we ask that they execute the attached waiver and return two copies to the New Mexico Oil Conservation Division.

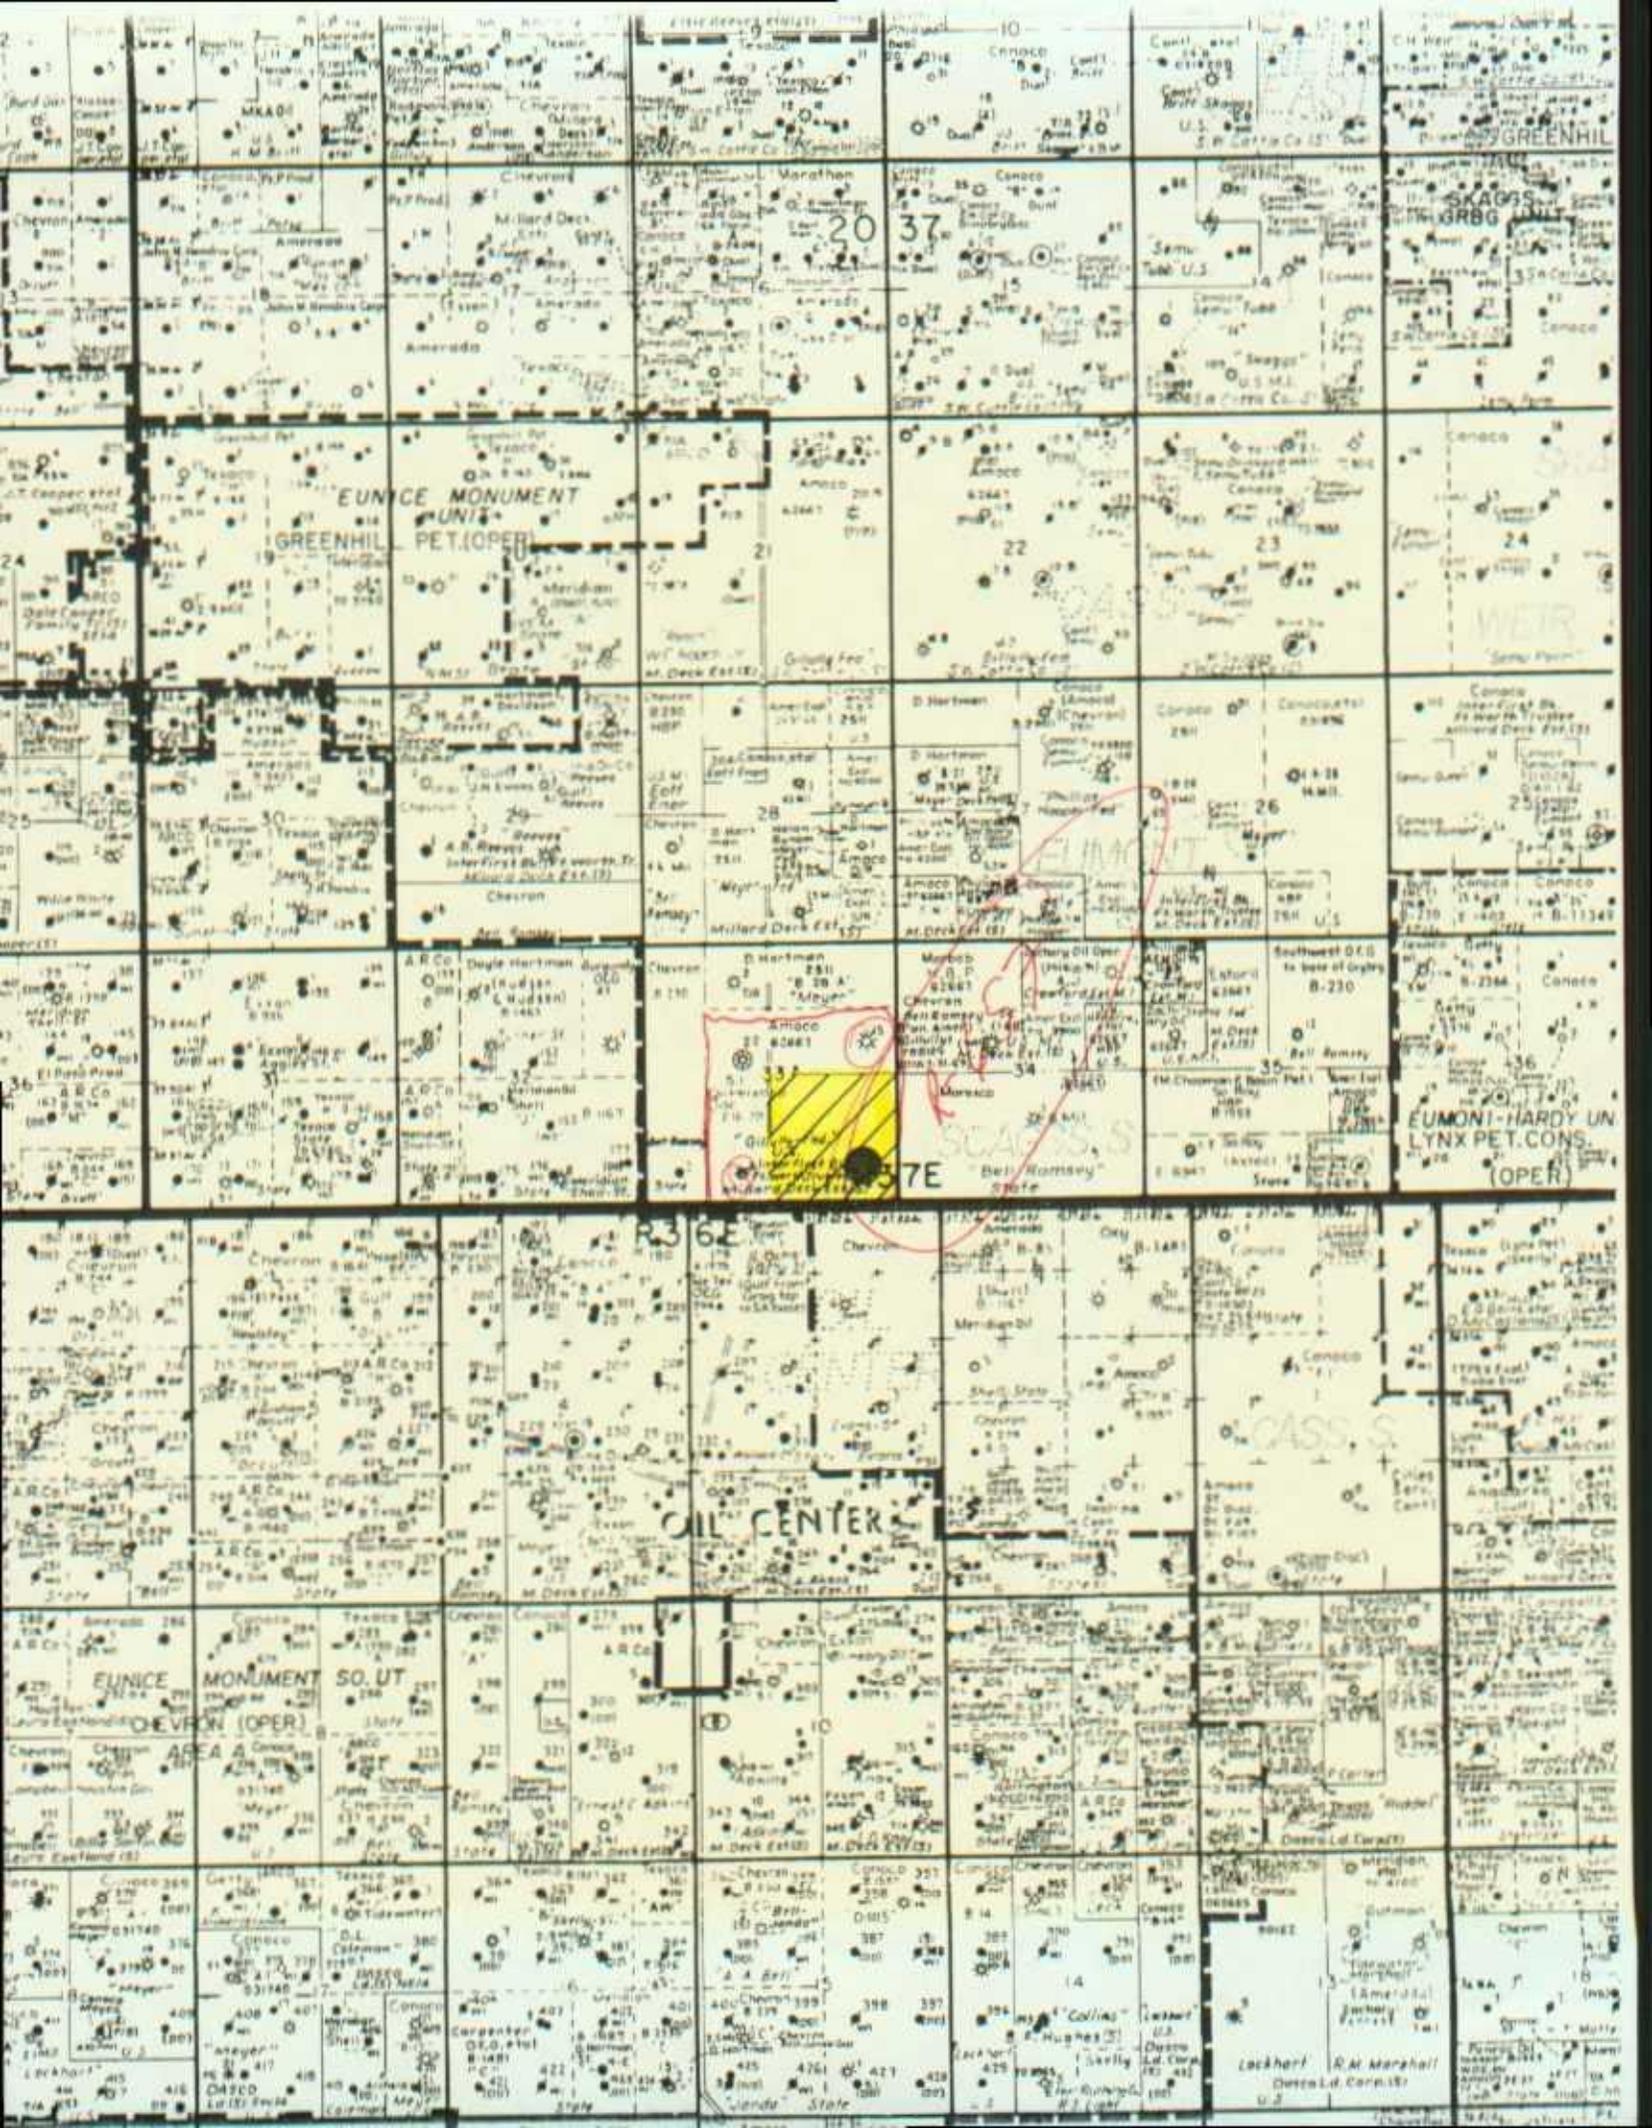

Sincerely,

**MEWBOURNE OIL COMPANY**

Steve Cobb

Re: Application for a 160 Acre  
Non-Standard Gas Proration Unit,  
Eumont "33" Federal No. 1 Well  
660' FSL & 660' FEL  
SE/4, Sec. 33-T20S-R37E  
Lea County, New Mexico  
Eumont Gas Pool

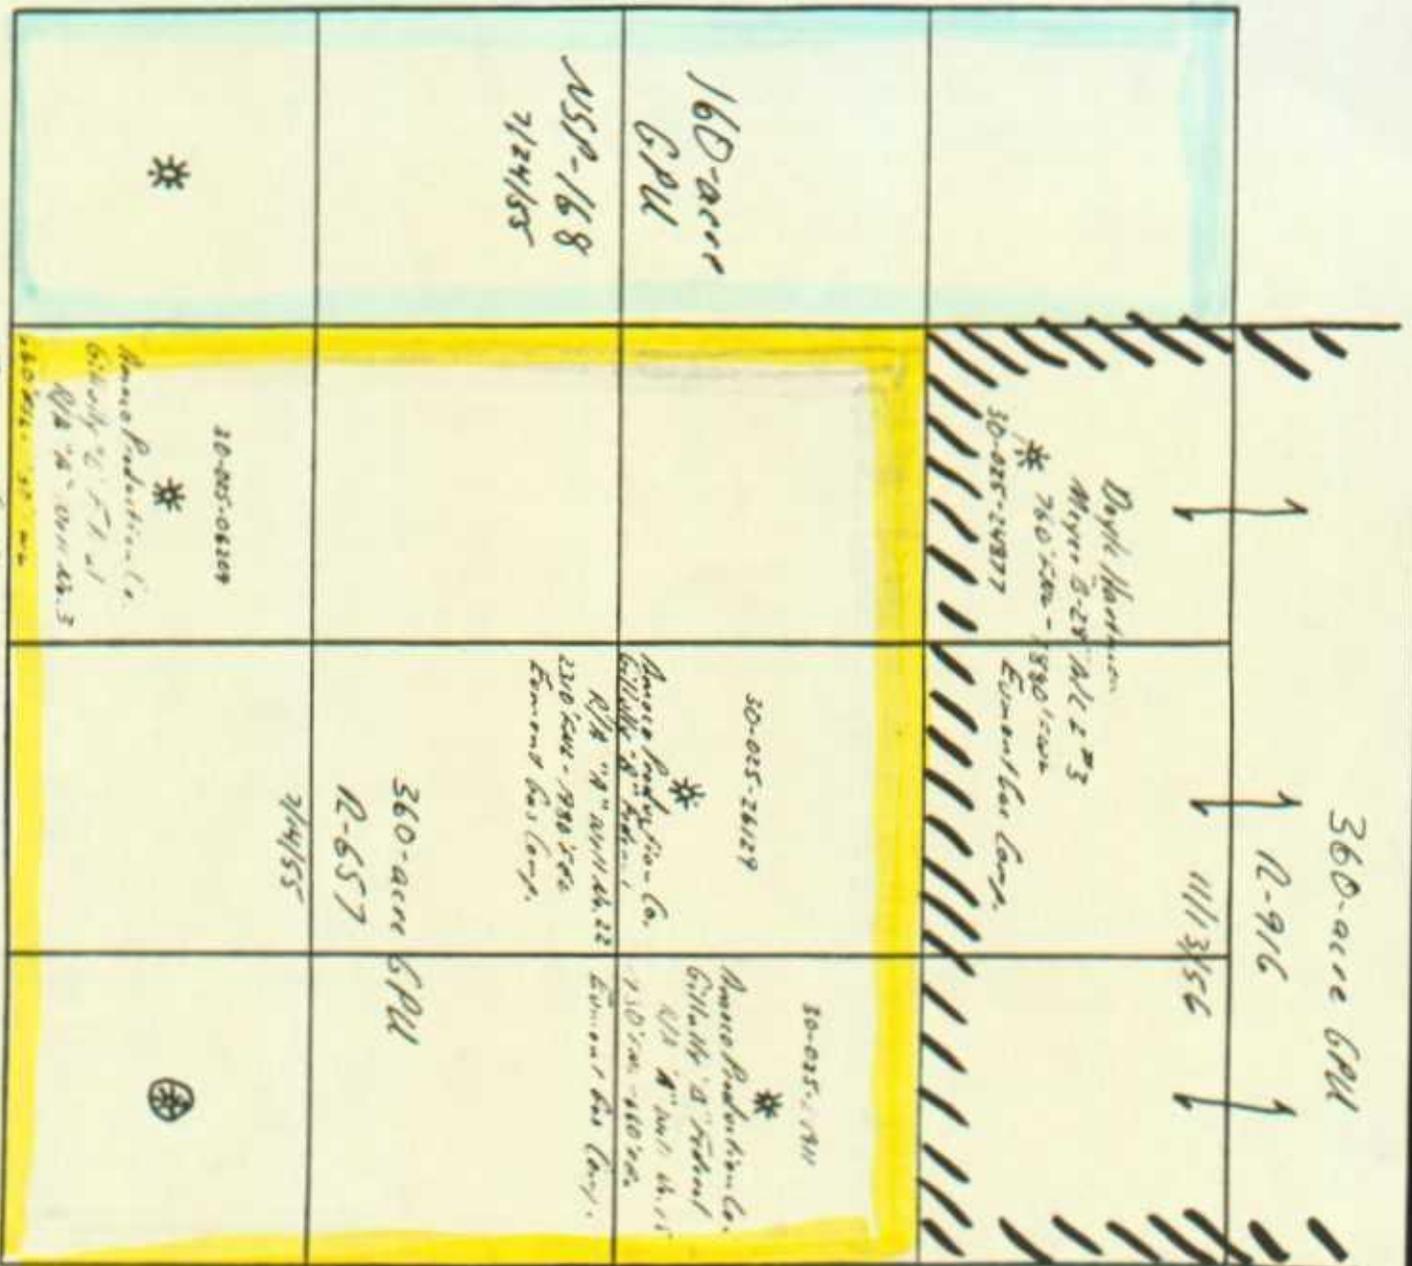

Mr William J. Lemay, Director  
New Mexico Oil Conservation Division  
2040 S. Pacheco  
Santa Fe, New Mexico 87504

As an offset operator, the undersigned has no objection to Mewbourne Oil Company's application to dedicate the non-standard proration unit to the Eumont "33" Federal No. 1 in the Eumont Gas Field.

Approved By: Mark McClelland

Representing: CONOCO Inc.

Date: 6-30-95
